[Despatch Abstract.]

Establishment — The revised
Scale of office — for the Salem District
Sanctioned.

No. 1369 W., 29TH APRIL 1896.

PUBLIC WORKS DEPARTMENT.

READ—the following papers:—

In supersession of the proposals contained in my letter No. 77 W., dated 20th ultmo, I have the honour to submit, for the sanction of Government, a proposition statement for the Salem Division office.

On reconsideration it is thought advisable to retain a first-class draftsman in the West Coast division. It is also necessary to appoint a first-class man for the Salem division where new projects have to be worked out, and the present second-class draftsman is not up to the mark.

From J. HANNAN, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 27th March 1896, No. 144 W.

Referring to your No. 1652 C., dated 24th current, I have the honour to inform you that the principal reason for retaining a first-class draftsman is the unpopularity of service on the West Coast on account of its climate and extra cost of living. Draftsmen are unwilling to go there.

Office-note from the Examiner, Public Works Accounts, dated 11th April 1896, No. 1021 D./E.

The entries in column "present scale" have been checked and found correct. The average pay shown for a draftsman, second class, should be Rs. 46½ and not Rs. 45½. The necessary correction has been made.

ORDER—No. 1369 W., dated 29th April 1896.

The revised scale of office establishment for the Salem division as proposed by the Superintending Engineer, IV Circle, in the statement submitted with his letter recorded above, is sanctioned. This supersedes the sanction accorded in G.O. No. 825 W., dated 7th March 1896.

2. Attention is drawn to the Examiner's remark in his office-note read above.

3. This sanction has been registered as Provincial No. 10 W. of 1896-97, and classified as Establishment—Permanent.

Quite recently (vide G.O.
No 825 W of 7 March 1896),
the S.E. IV Circle represented
that a first class draftsman
was wanted more in the
Salem than in the West
Coast Div and that a second
class draftsman was quite
good enough for the latter
where few original plans
were prepared. The scale of
office establishments for
the two Divisions was
accordingly revised.

The S.E. now submits
for sanction a fresh proposal
to appoint a first class drafts-
man for the Salem Div in
addition to the present
second class man who
is reported to be not upto
the mark, and wants
