— From G. B. Lambert Esquire, Executive Engineer, Tinnevelly Dn, to the Superintending Engineer, IV Circle, No: 459 d/ 3rd February 1896: —

I have the honor to forward a revised data list of rents of buildings in this Division for sanction of Government. The rents were last revised in 1892.

2. The only building affected by Standing Order No: 42. Volume I d/17 May 1895 of Chapter X para 28 (1) of Government of India Code is the Sergeants' quarters at Palamcottah (Vide item 4 Column 8 of list). But as extensive improvements to this bungalow are in operation, a revised data will have to be submitted when the full expenditure incurred is known.

EXAMINED No. 26 FEB 1896 W. ACCOUNT

Letter from the Executive Engineer, Tinnevelly Division, No. 648 dated 15th February 1896, to the Superintending Engineer 6th Circle:—

I have the honor to forward a revised statement of buildings available for rent in this Division for item 4 only in supersession of item 4 submitted with my No. 459/3-2-96, as the Tahsildar of Tinnevelly now reports that the land on which the Sergeants' quarters at Palamcottah stands was purchased by Government at Rs. 16 per acre.

Encls-1

2. The cost of the land therefore is Rs. 21 for 1.31 acres.

3. This information has been obtained from the village officers by the Tahsildar as there is no record available in his office.

No. 187 T.N.

Copy, with copy of the statement is submitted to the Chief Engineer, P.W.D. for sanction of Government in supersession of item 4 shown in the statement forwarded with this office No. 132 T.N. dated 10th February 1896.

Your Office Note No.896 C. dated 15th.February 1896.

Returned with the following remarks:-

2. Item I - Range officers bungalow at Shermadevi . In the last data statement approved of in G.O.No.2418 W dated 20th.September 1893,10 per cent for establishment and tools and plant was not included for reasons given in Supg. Engineer's No.425 T.N.dated 29th. August 1893,printed with the above G.O. It is not clear why any addition on this account is made in the present statement.

3. Item 2 - Sub Collector's Bungalow at Tuticorin. A sum of Rs.9450 was considered a fair value for this building and its site - see G.O.No.509 W.of 20th.February 1894 and this amount therefore should be taken as the capital cost and rent calculated accordingly. It is not clear how the provision for repairs Rs.354 entered in co-

column I3 has been arrived at. The actual average cost during the eight years ending I894-95 is Rs.385 and the provision in the last data statement on this account was Rs.578.

4. Item 3. Head Asst. Collectors Bungalow at Shermadevi. In this case also the provision for repairs in the last data statement approved of in G.O. No.2I50 W.dated 3rd.August I892 being Rs.327 - it is not known how a sum of Rs.I80 only is now entered in column I3. The actual average for the last eight years is Rs.II7½ as below -

Cost of repairs from I889-90 to I894-95 including I0 % for establishment & tools and plant as per Capital & Revenue accounts of buildings G.O.No.2582 W.dated 29th. October I895............Rs.	578
do do during I888-89.................Rs.	I50
do do I887-88,,	2I2
Total for eight years Rs.	940
Average per year 940/8 or Rs.	II7½

5. Item 4. Sergeants quarters at Palamcotta - Provision for repairs is less than 3 % suggested by Code & also less than the provision in the last data statement printed with G.O.No.2I50 W.of 3rd.August I892. As however the Executive Engineer states that extensive improvements are in operation necessitating the submission of a revised data statement the consideration of the revision of rent of this building might be held over for the present, the occupant being required to continue to pay the present rate of rent viz Rs.20 per mensem.

6. Item 5 - Inspection Bungalow at Puthugudi - The Executive Engineer may be asked to furnish details working up to the amount entered as actual cost of repairs. In the last data statement a propvision of Rs.II4 was made for repairs.

7. The data statement requires revision in the light of the foregoing remarks.
