[Despatch Abstract.]

Provincial Civil Works Budget Estimate

The final issue of the — for 1896-97,
Circulated, with remarks, for the guidance
of officers concerned and copies ordered
to be forwarded to the Govt. of India.

Forwarded.

and the reduction was duly intimated to the Government of India. - That Govt. ^{has} however, passed the estimate for Rs. 27,60,000, adding a sum of Rs. 2,00,000 to the expenditure under Public Works in charge of - Public Works officers instead of Public Works in charge of Civil -- officers. The revised amount has accordingly been shown in the final issue of the P.W. Budget. The Examiner will explain the difference in his Finance Accounts for 1895-96.

4. The preliminary issue of the budget estimate of charges for 1896-97 was prepared for Rs. 28,00,000, and the final issue has been drawn up for a similar amount.

5. All the modifications of grants sanctioned subsequent to the issue of the preliminary budget have been carried out in the final budget.

6. Superintending Engineers and the Consulting Architect will lose no time in submitting plans and -- estimates for the unsanctioned --- works for which funds have been provided and the heads of Departments through whom the estimates may pass will expedite their disposal as -- much as possible. No avoidable delay should be allowed to occur in handing over sites for buildings and

no

x G.O.No. 1139 W.d/31st March 1896

no expenditure should be incurred on any of the unsanctioned works until plans and estimates have been sanctioned by competent authority.

7. The amount reserved for incomplete works will be distributed on receipt of detailed proposals from Suptg. Engineers and the Consulting Architect. These should be submitted as early as possible.

8. The distribution of grants for "Minor Works" and "Repairs" is shown in part II of the budget and that for "Tools and Plant" in part IV.

9. The allotments applied for by the Chief Engineer Military Works, Madras Command, for expenditure on "Minor Works" and "Repairs" at Bangalore, ~~xxd~~ Wellington and Ramandrug -- have been provided in part II.

10. The sum of Rs. 180 reserved for the conservation of Archaeological works has been allotted to the Buckingham Canal division with reference to G.O.No. 796 W.d/6th March 1896.

11. The net debit to Provincial -- Civil Works on account of "Establishment" as shown in the preliminary -- budget amounted to Rs. 5,72,045. This debit has been reduced to Rs. 5,62,465 in the final budget in consequence of an alteration in the allotment for Irrigation Works under 40.

"Capital

"Capital expenditure on Major Works".

12. A sum of Rs. 50,000 was allotted in 1895-96 to the P.W. Stores division under Tools and Plant to meet the cost of the machinery transferred from the late No. I Periyar Dn., but this amount was subsequently -- withdrawn as the adjustment of the cost of the machinery was not expected to be made during 1895-96. The amount has therefore been brought forward and added to the grant of the P.W. Stores division under Tools and Plant in 1896-97.

13. With these remarks, the final issue of the Provincial Civil Works Budget Estimate for 1896-97 will be printed and circulated for the information and guidance of the officers concerned and 50 copies as -- shown in the margin will be forwarded to the Government of India, P.W. Department.

ORDER—No. 1386 W., dated 1st May 1896.

RECEIPTS.

The revised estimate of revenue for 1895-96 under Provincial Civil Works, as shown in the preliminary budget, amounted to Rs. 1,25,000. The Government of India having raised the estimate to Rs. 1,30,000 on consideration of the progress of revenue, that amount has been adopted in the final budget.

2. A sum of Rs. 1,25,000 was shown in the preliminary issue as the budget estimate of revenue for 1896-97. A similar amount has been entered in the final budget.

CHARGES.

3. The revised estimate of expenditure for 1895-96, as shown in the preliminary budget, amounted to Rs. 27,29,927. The modifications of grants subsequently sanctioned reduced the estimate to Rs. 25,60,000 and the reduction was duly intimated to the Government of India. That Government has, however, passed the estimate for Rs. 27,60,000, adding* a sum of Rs. 2,00,000 to the expenditure under Public Works in charge of Public Works officers instead of Public Works in charge of Civil officers. The revised amount has accordingly been shown in the final issue of the Public Works Budget. The Examiner will explain the difference in his Finance Accounts for 1895-96.

4. The preliminary issue of the Budget estimate of charges for 1896-97 was prepared for Rs. 28,00,000, and the final issue has been drawn up for a similar amount.

5. All the modifications of grants sanctioned subsequent to the issue of the preliminary budget have been carried out in the final budget.

6. Superintending Engineers and the Consulting Architect will lose no time in submitting plans and estimates for the unsanctioned works for which funds have been provided, and the heads of departments through whom the estimates may pass will expedite their disposal as much as possible. No avoidable delay should be allowed to occur in handing over sites for buildings, and no expenditure should be incurred on any of the unsanctioned works until plans and estimates have been sanctioned by competent authority.

7. The amount reserved for incomplete works will be distributed on receipt of detailed proposals from Superintending Engineers and the Consulting Architect. These should be submitted as early as possible.

8. The distribution of grants for "Minor works" and "Repairs" is shown in part II of the Budget and that for "Tools and plant" in part IV.

9. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for expenditure on "Minor works" and "Repairs" at Bangalore, Wellington and Ramandrug, have been provided in part II.

10. The sum of Rs. 180 reserved for the conservation of Archaeological works has been allotted to the Buckingham Canal division with reference to G.O. No. 796 W., dated 6th March 1896.

11. The net debit to Provincial Civil works on account of "Establishment" as shown in the preliminary budget amounted to Rs. 5,72,045. This debit has been reduced to Rs. 5,62,465 in the final budget in consequence of an alteration in the allotment for Irrigation works under 49. "Capital expenditure on Major works."

12. A sum of Rs. 50,000 was allotted in 1895-96 to the Public Works Stores division under tools and plant to meet the cost of the machinery transferred from the late No. I Periyar division, but this amount was subsequently withdrawn† as

† G.O. No. 526 W., dated 11th February 1896.

the adjustment of the cost of the machinery was not expected to be made during 1895-96. The amount has therefore been brought forward and added to the grant of the Public Works Stores division under tools and plant in 1896-97.

13. With these remarks, the final issue of the Provincial Civil Works Budget estimate for 1896-97 will be printed and circulated for the information and guidance of the officers concerned and 50 copies as shown in the margin will be

15 copies to Simla.
