NOTE BY TECHNICAL SECTION.

Name of work Upper story on the Divisional Office building at Tanjore.
 Amount of estimate Rs 6110.

With reference to this Office Memo No. 1898C dated 8.4.96 the S.E. & Clerk, resubmits the estimate for constructing an upper floor to the Divisional Office building at Tanjore, and reports that the existing walls are strong enough to carry the upper story as the proposed walls are very light. Trial pits have been dug to the existing foundations have been tried.

In regard to an ordinary flight of steps in lieu of the proposed spiral stairs, the S.E. reports that there would be difficulties in regard to door A & windows B.B. I have since plotted a flight of steps with landing at C & find it

will be answered for the door
 & windows at the side verandah
 also for the archways. It is
 therefore submitted that the
 spiral stairs may be retained
 but the cost viz Rs 800 appears
 to be excessive.

The small room in basement
 floor which was formerly called
 as bath room has now been
 altered as part of the store
 room, in which case, the ne-
 cessity for the new windows
 B at spiral stairs is not
 apparent.
