From the Superintendent of the Reformatory School dated 6th December 1895 No.2320,to the Director of Public ~~Instru-~~ Instruction:—

With reference to your Proceedings dated 23rd November 1895,No.12554,I have the honour to report that Mr.Mahony came over this morning to receive instructions about the additions and improvements to be effected.

2 Mr.Mahony informed me that as no mention had been made about providing accommodation for the Tailoring class or - erecting a suitable kitchen according to a scientific plan in G.O.dated 15th June 1895.,No.1279,he could not prepare plans and estimates for these additions.

3 As these additions are also necessary, I request that the Consulting Architect may be addressed to include these also in the list of improvements to be effected.

—

From the Superintendent,Reformatory School,dated 4th February 1896,No.190,to the Director of Public Instruction:-

In reference to paragraph 2 of your proceedings dated 2nd April 1895 No.3959,I have the honour to state that the ~~income~~ time has arrived for taking up the question of improving the latrines attached to this school as recommended by the Sanitary Commissioner . There should be two main latrines, one for the senior division and the other for the junior one. The two present latrines attached to the main barrack may be demolished and rebuilt on some standard plan for the use of the junior division. For the Senior division I would suggest that the hospital latrine be enlarged and improved.

2 When the hospital is removed to the Sub-jail building, the small latrine attached to that building,which was recently built,may be retained for the use of the pupils in hospital.

3 As the Public Works Department is now engaged in preparing plans and estimates for the extension of the school building

buildings I beg to suggest that that department be addressed on the subject of ~~the~~ latrines also, so that they may be included in the above plans and estimates.

4 Another needful addition which should also be provided for in the above plans is a set of out houses for the Deputy - Superintendent. At present there is not a single out house attached to that officer's quarters; and the inconvenience that Mr.Lewis and his family have been thereby put to is great. Mr.P.Mahony, the Assistant Engineer who visited the school to-day to take notes for the plans and estimates has been told where the out houses could be built. A kitchen, cowshed, stables, a poultry room and latrine are all that is required. Mr.Mahony requires your instructions to provide for the above out houses in the plans and estimates.

CHIEF SECRETARIAT, MADRAS.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Director of Public Instruction, Madras, dy 18th February 1896, No. 1585.—

I have the honour to request that you will be good enough to obtain the sanction of Government for the consulting Architect providing in the estimates under preparation for the additional improvements to the buildings of the Reformatory School, Chingleput, detailed in the enclosed copies of letters from the Superintendent.

Order :- No. 138, dy 10th March 1896.

The Public Works Department will be requested to prepare estimates for the works referred to and to forward them to Government.

2 Pending receipt of the estimates

[P.W. 1,000—1-10-96.]

the Director of Public Instruction will be requested to explain clearly the need for accommodation for the tailoring class and for the new kitchen.

Letter from the Executive Engineer
Nellore Divn to the Supdg Engineer II Circle
dated 6 March 96 No 484/AE.

I have the honor to bring to your
notice that my poversion to Asstt Engr
1st grade from 14 February 95 to 16 March 95
and from 15th July 95 was notified in the
Fort Saint George Gazette dated 24.2.96,
I have had, therefore, to refund a sum of
Rs 760 and odd and could not, therefore,
get any thing in the shape of pay this month.
This has put me to a lot of inconvenience
and hardship as I was not prepared
for a sudden retrenchment of such a large
amount. I therefore request that
you will kindly permit me to refund the
amount in 3 monthly instalments and
that you will kindly write to the Chief Engr
to have the poversions notified as early as
possible so that people may not be put to
such hardship in future.
