OFFICE NOTE No. 8/2 *df*

To
W.

It has been the practice for Government to approve all data statements for calculation of rents of buildings. The rules in the code do not require such sanction and you have no special reasons for requiring the statements to be submitted to Government, they might be finally approved by the Superintending Engineer after having been checked and passed by this office. Any cases requiring the special orders would be referred to Government.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper :—

From the Inspector General of Registration, of 25th February 1896, G. No. 689:—

The Sub registry office at Salgudi in the Trichinopoly district has been removed to a rented private building, the Government building, in which it has been held till recently, being found to be in a dangerous condition. The latter building is an old one with a ~~low~~ low roof and walls cracked. There is not sufficient space in it for the parties attending the office to stand when enquiries are conducted in connection with the registration of documents, and ^{the} accommodation for the clerks and the records is equally insufficient. The Sub-divisional officer who has inspected it states "there is no use of pulling the roof down and raising the side walls or adding a front verandah. It would be better to build a new office."

Public Works (1896) Department.

G.O., No. 101067

DATED 20-3-96

[Despatch Abstract.]

Rents of buildings: The Examiner's suggestion that all data statements for calculation of — might be finally approved by the Suptg. Engineers after having been checked and passed by his office, approved except in the case of statements which involve an increase of rent.
