From the Inspector General of Registration, dy 16th February 1896, G. No 601:—

The Sub-Registrar's office at Ottapalam in the Calicut registration district, which was opened on the 1st September 1895 under the sanction given in G.O. No 1495 Judicial dated 16th July 1895, is held in a private rented building. The District Registrar brings to notice that plans and estimates are under preparation for the construction in one compound at Ottapalam of new buildings for the Nedunganad district Munsif's Court and Cherpalcheri Deputy Tahsildar's office, and proposes that accommodation should also be provided for the Ottapalam Sub-registrar's office within the same compound. A registration office is permanently required at Ottapalam. I have therefore, the honour to recommend, that Government may be pleased

PROCEEDINGS OF THE MADRAS GOVERNMENT.

---

Read the following paper-

From the Superintendent Government Central Museum dated 8th February 1896 No 105, reporting that the Eastern Wing of the Connemara Public Library allotted for arranging books therein is insufficient and that the allotment of any portion of the Western Wing to the Madras Literary Society will be impracticable.

---

Order No 136 dated 9th March 1896.

It is in the opinion of Government essential that the Literary Society should remove at the earliest possible date from the quarters in the Director of Public Instruction's Office which it now occupies, and an effort must accordingly be made to so ~~arrange~~ rearrange the accommodation in the Connemara Free Library as to enable this to be done.

2. The Library of the Registrar of Books is unlikely to be of much interest to readers in the Free Library and it may safely be left in the quarters which it has hitherto occupied.

3. The Patents Publications are similarly of small interest to the general reader, and these should be kept in the present Museum work-room, and not in the Free Library.

4. The Consulting Architect will be requested in the Public Works Department to prepare at the earliest possible date in consultation with the Superintendent of the Government Museum plans and estimates for erecting sufficient plain teak racks in the present work room to hold the Patent Library and for a new work room which should be built as cheaply as may be in some part of the Museum Compound where its presence will not interfere with the appearance of the Museum and Free Library buildings.

5. The Public Works Department will be requested to furnish Government at an early date with the plan and estimate for new quarters for the Literary Society which were called for in G.O. 547 Public dated 7th May 1895.
