Sir,

It appears from the rules that as I am not in charge of a Circle I have no power to sanction estimates, this is at times inconvenient and I would ask for such power within certain limits. Of course, I do not propose that I should have power to make estimates for works now under investigation and to sanction them myself, but I want power to be able to expend two or three

three hundred rupees on my own sanction, the work to be carried out and paid for by the Executive Engineer of Tanjore. For instance I want to have a ~~model~~ made ~~work~~ of a shutter which may cost Rs 50. and I have apparently not the power to sanction the estimate for this.

I have the honor to be
Sir,
your most obed.t Servant.
