GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following paper :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated 16th April 1896, No. 46 N.L.

I have the honour to forward herewith, for your approval and sanction of Government, an estimate, amounting to Rs. 3,530, for constructing a head sluice to Kota Punta Kalva, Nellore division.

2. The report which accompanies the estimate explains the necessity for the work.

ENCLOSURE.

REPORT to accompany the plan and estimate for constructing a head sluice to Kota Punta Kalva, II Circle.

	RS.
Amount of estimate	3,530

The channel is an Imperial irrigation work (No. 230 on the list) and takes off from the right flank of the Chellakulam anicut. Besides direct irrigation, it supplies water to the Yerragatupalli, Molaganur and Kota new tanks. It has no head sluice at present and consequently gets silted up every year, besides being breached during heavy floods. A new head sluice has been built on the left flank and a channel dug for the supply of water to the Kota Pennakka tank. There are disputes about the regulation between the old and new channels. To ensure a proper regulation and to put a stop to the frequent breaching and silting up of the channel, it is proposed to build a pukka head sluice at its head.

(Signed) R. A. SRINIVASA AIYANGAR,
Executive Engineer, Nellore Division.

15th February 1896.

ORDER—No. 400 I., dated 7th May 1896.

The following estimate is sanctioned :—

Irrigation.
43. Minor Works and Navigation.
Minor Works for which neither Capital nor Revenue Accounts are kept, P.W.D.
Original Works.
Constructing a head sluice to Kota Punta Kalva, No. 230 of list of works in the Nellore division, appended to G.O., No. 407 I., dated 6th July 1887.

	RS.
Estimate	3,530

2. This sanction is registered as No. 26 I. of 1896–97.

(True Extract.)

Under Secy. to Govt., P.W.D.,
