No. 493 I., 12TH JUNE 1896.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following papers :—

From W. B. DEWINTON, Esq., Superintending Engineer, III Circle, to the Chief Engineer for Irrigation, dated Bellary, 7th March 1896, No. 3766.

I have the honour to forward herewith, for your approval and sanction of Government, revised lists of tanks affecting railways in the Cuddapah district, the original of which was disposed of in G.O., No. 1136 I., dated the 22nd December 1893.

2. The great difference between the original and the revised lists is reported to be due to the fact that, in the original lists, a very large number of insignificant little "kuntas" and "breached tanks," which could not in any way be said to dangerously affect the railway, were included. All of these have been cut out in the revised list now sent, thus reducing the total number considerably.

3. Complete information regarding these tanks, together with index maps, having been furnished when the original lists were sent up, it is thought that no details need now be submitted.

4. Copies of these statements will be furnished to the Collector to enable him to take these figures as his guide in future in preparing his administration reports, &c., to be sent by him to the Board of Revenue.

5. The lists now sent may have to be considerably altered if the procedure proposed in my No. 3640, dated 22nd February 1896, regarding the railway-affecting tanks in Anantapur taluk is approved.

ENCLOSURES.

LIST of tanks affecting the Madras Railway in the Cuddapah district.

Imperial list No.	—	Tanks under Public Works Department.			Tanks under Revenue Department.			Dasabandam tanks.			Private tanks.

FROM W. B. De Winton Esqr
SUPERINTENDING ENGINEER,
IIIRD CIRCLE,

To THE Chief Engineer
for Irrigation,
Madras.

Sir,

Enclosures. 3
1 Abstract.
1 List of tanks affecting Madras Ry:
1—Do— S.I.R.

I have the honor to forward herewith for your approval and sanction of Government, revised lists of tanks affecting railways in the Cuddapah District, the original of which was disposed of in G.O. No. 1136 dated the 22nd December 1893.

2 The great difference between the original and the revised lists reported to be due to the fact that in the original lists a very large number of insignificant little "tumbas" and "breached tanks" which could not in any way be said to dangerously affect the railway were included. All of these have been cut out in the revised list now sent, thus

reducing the total number considerably.

3. Complete information regarding these tanks, together with Index map having been furnished when the original lists were sent up, it is thought that no details, now need be submitted.

4. Copies of these statements will be furnished to the Collector to enable him to take these figures as his guide in future in preparing his administration reports to be sent by him to the Board of Revenue.

5. The lists now sent may have to be considerably altered, if the procedure proposed in my No. 364 dated 22 Feb 1896 regarding the pathway affecting tanks in Anantapur Taluq, is approved.

I have the honour to be
Your most Obdt: Servt.
