With reference to your note of the 9th instant in which you asked this Office to note that in future all draft G.O. of the I branch would have to be passed by H.E. the Govr., please note that the accompanying has not been circulated to this Govt. But as I has ordered it to "issue", it will of course be issued at once by this Office. It must however be marked "List-" & will appear in the weekly list- submitted to the Governor - a paper which was not circulated to H.E.

FIRST CIRCLE.

TO

THE CHIEF ENGINEER

FOR IRRIGATION.

Waltair
~~DOWLAISHWERAM~~, 9th may 1896.

SIR,

With reference to remark against item No. 37 in the Provincial objectionable items statement (Irrigation) for November 1895 dealt with in G.O No. 210 I dated 26.2.96, I have the honor to bring to your notice that a further Expenditure of Rs 30 was incurred in August last by the Executive Engineer Godavary Western Division on the work "Constructing No. 3 under Tunnel of Deva channel Bank canal" after the work was completed for Rs 1528 against Estimate of Rs 2140 vide G.O No. 792 I dated 26.9.95

2. The Executive Engineer explains

+ Put up with accompanying file ~~ending into CAD 1342/96~~

× including establishment charges.

that the further expenditure (Rs 30) in question was owing to adjustment of freight for conveying building stone as per debit advice dated 5.9.95 from the Godavary Eastern Division and that the liability was not known when the completion Statement for the work was submitted as it was a bill for freight paid by the Godavary Eastern Division long after the completion of the work.

3. A revised completion report has been received from the examiner of P.W. accounts duly verified.

4. I therefore request that you will be so good as to obtain sanction of Govt. authorizing the examiner of P.W. accounts to admit the further expenditure of Rs30/- on the work in question.

I have the honor to be
Sir
Your most obedient Servant
W Dehorty
12/6
Executive Engineer
