Copy of letter No 3859 dt/26-3-95 from the Collector of Cuddapah to the Executive Engineer Cuddapah Division.

Peddacheruvu of Panchalamarri, Madanapalle Taluk, is said to be a Government tank repaired at the expense of the state whenever it gets out of order. As such is the case, one Thambalapalli Subbareddi of Madanapalle says that the tank in question is a Dasabandam work and that he contributes a share equal to 7 annas 5 pies in the rupee towards the cost of repairs. He enjoys inam to the extent of 14 acres. 92 cents for this purpose. The right to the enjoyment of the Inam is not recog-nized by the Inam Registers of this office. I have the honour to request that you will be good enough to inform me if Subbareddi contributes any portion of the cost of repairs to the tank and also to send me the corres-pondence, if any, on the subject, for perusal and eventual return.

Copy of letter No 1208/19-4-95 from the Executive Engineer Cuddapah Division to the Collector of Cuddapah.

With reference to your No 3859/26-3-95 I have the honour to inform you that the Pedda cheruvu of Panchalamarri is in my list of Imperial tanks. It was repaired by this department in 1891-92 at a cost of between two and three thousand rupees, all of which was paid by Government. It appears however from your letter No 1977/2-6-91 from the Sub Collector to you, a copy of which was sent to me, that Thambala-palli Subbareddi was willing to pay a certain share of this amount, but no contribution seems to have been collected from him. There is no correspondence in my office which would throw any light on the subject of Subbareddi's claim.

2. The tank is said to be again in need of repairs and I should like to know if I am to carry them out entirely at the cost of Government or if I should make Subbareddi pay a portion.

Copy of letter No 3859 dt/ 8th June/95 from the Collector of Cuddapah to the Executive Engineer Cuddapah Division.

With reference to your letter No 120 dt/ 19th April 1895, I have the honour to inform you that Thambalapalli Subbarayudi has agreed to pay the proportionate cost of the repairs (equal to 7 annas 5 pies in the rupee) to the Reddacheruvu of Panchalamarri village, Madanapalle Taluk executed in 1891-92 as also of any future repairs; and to request therefore that you will be good enough to inform the Sub Collector of the exact amount incurred for the repair of the tank in the year 1891-92 in order that the amount due by Thambalapalli Subbarayudi may be recovered from him. Intimation of recoveries to be made should also be given in future whenever repairs are executed.

Letter No. 401 dated 15th May/96 from the Executive Engineer Cuddapah Division to the Superintending Engineer III Circle, Bellary.

Adverting to your docket No: 3430 dated 7th March/96, sanctioning an Estimate amounting to Rs: 2470 for repairing and constructing a weir to Pauchalamarri tank, I have the honour to forward herewith copies of the marginally noted correspondence relating to the recovery of a share equal to Ans: 5 pies in the rupee, from one Thambalapalli Subbareddi of Madanapalli taluq, towards the expenditure incurred on the above Estimate, and to state that the share of Subbareddi was recovered through the Civil Department, and finally adjusted to the credit of the work in the accounts for February/96. The Examiner however points out that the recovery in question should be treated as contribution towards the cost of repairs. I have therefore the honours to request that

You

1. Collector's letter No: 3859 dated 26th March/95.
2. This office No: 120 of 19th April/95 to the Collector.
