GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following paper:—

From Lieutenant-Colonel A. W. SMART, R.E., Superintending Engineer on Special Duty, Cauvery Completion Estimates, to the Chief Engineer for Irrigation, dated Tanjore, 3rd June 1896, No. 343.

With reference to G.O. No. 466 I., dated 1st June 1896, I have the honour to state that I shall not be prepared to meet the French Engineers for the discussion of irrigation questions affecting their settlement of Karikal, for some months to come, as I have not the necessary information available on several important points. For instance, in the case of the Vanjiar-Nattaur, the French Engineers state that the Nattaur is in a better condition as to supply than the Vanjiar and that the Nattaur has a greater fall. Our information would seem to show that neither is the case, and without ascertaining the actual discharges of the streams and a further examination by levelling, a meeting now could lead to no result.

2. I would suggest that the meeting should be postponed to December next.

ORDER—No. 558 I., dated 3rd July 1896.

The proposal of the Superintending Engineer to postpone the conference of the British and French Engineers for settlement of irrigation questions as regards the French settlement of Karikal to December next is approved, subject to the concurrence of His Excellency the Governor of the French Settlements.

2. The following letter will be sent in the Political Department.

(True Extract.)

Under Secy. to Govt., P.W.D.,
Irrigation Branch.

To the Chief Engineer for Irrigation, with copy of letter to
His Excellency the Governor of the French Settlements in India.
„ the Superintending Engineer, V Circle.
„ Lieutenant-Colonel A. W. Smart, R.E., Superintending Engineer on Special Duty, Cauvery Completion Estimates, Tanjore.
„ the Political Department, with draft letter to His Excellency the Governor of the French Settlements in India.
„ the Revenue Department.
