Account.

READ—the following paper:—

From the Executive Engineer, Kistna Northern Division, to the Superintending Engineer, II Circle, dated 25th June 1896, No. 181 S.E.

The cost of the Valiant steam engine, an indent for which was forwarded to the Home Government with G.O. No. 2379 W., dated 26th September 1895, is, it is understood, to be met from the grant of Rs. 6,000 reserved in Kistna Eastern and Western divisions under 49. Tools and Plant.

2. The indent having gone in from this division, the cost was debited by the Public Works Stores to this division, but was redebited to the Kistna Eastern, where the major portion of the required grant under S.E. No. 1224 K.S., dated 6th September 1895, was reserved and this debit was accepted.

3. The Examiner, however, questioned the Executive Engineer, Kistna Eastern division, as to why the cost should not be redebited to Kistna Northern division if the engine was obtained for that division, and in response to this, the Executive Engineer, Kistna Eastern, has now redebited the amount to Kistna Northern division. To avoid further correspondence the debit has been accepted by me.

4. As the expenditure now stands without an appropriation of funds, I have the honour to request that order of Government may be obtained authorizing the Examiner to pass the outlay without appropriation in this division.

No. 829 K.N.

Forwarded to the Chief Engineer for Irrigation with reference to his telegram No. 21, dated 26th March 1896, for obtaining the sanction of Government authorizing the Examiner to pass the outlay on the "Valiant steam engine" without appropriation.
