Item 2.—Estimate will shortly be submitted. A small grant at least should be retained in order that land may be taken up and work begun immediately after cultivating season.

Item 3.—As no estimates have been sanctioned and there is no urgent work required, the grant may be withdrawn.

Item 6.—To complete the work.

Item 7.—No pressing work. Grant may be withdrawn.

Items 4, 8, 12, 14.—Additional grants required for closing breaches and repairing masonry works due to floods of December 1895.

Items 9, 10, 11, 13, 15.—Surrendered to meet in part demands on items 12 and 14.

3. With reference to the latter part of paragraph 1 of your memorandum under reference, I have the honour to inform you that the proposed expenditure cannot be postponed to the next financial year, as it is required in connection with the damages caused by the late flood.

No. 142 I.

Submitted to Government.

2. The surrender of Rs. 5,500 from items 1 and 2 under "49. Capital expenditure not charged to Revenue" may be held in reserve to meet future demands for additional funds under that head.

3. The transfer of Rs. 3,000 from item 3 to item 4 may be sanctioned by the Superintending Engineer himself under this office Circular memo. No. 30 G., dated 27th August 1894, leaving a balance of Rs. 24,500, or say Rs. 30,000 including the percentage charge for establishment still to be provided. As it is represented that the expenditure of this amount cannot be postponed till the next financial year and it is required for repairing the damages caused by the abnormal floods in the Támbraparni and its tributaries, a detailed account of which was recorded in Proceedings of Madras Government, No. 383 I., dated 28th April 1896, it is recommended that an application be made to the Government of India for an additional allotment under "42. Major Works (Working expenses)." The usual application for additional allotments is appended.

4. The transfer of Rs. 100 from item 5 to item 6 and that of Rs. 1,000 from item 7 to item 8 may be sanctioned by the Superintending Engineer himself.

5. The demands for items 12 and 14 aggregate Rs. 38,000, of which Rs. 33,000 can be sanctioned by the Superintending Engineer himself from the surrenders from items 9 to 11, 13 and 15. Of the balance of Rs. 5,000, only Rs. 988 can be provided. The Superintending Engineer should suggest a transfer of funds from the grants for other works in his circle to meet the sum of Rs. 4,012 still required.

No 347 dt 5 June 1896

Memo

With reference to letter, No 609 T.N., dt 24th ult, from the Supdg Engr. VI Circle, the undersigned has the honor to observe that the existing grant for Maintce & Repairs to the Srivaikuntham Anicut System is Rs 6,000 and not Rs 10,192 as shown in the letter. As no reserve is available under "42. Major Works (Working Expenses)", a special application will have to be submitted to the Govt

of India for sanction to the addl allotment of Rs 39208 applied for. Unt before this can be done, it should be fully explained with reference to rule V, para 134, chapter IV, Vol II, P.W.D. Code, why the proposed expenditure will not bear postponement to the next financial year.

2. As the reserve under "43. Minor works Navigation" has already been exhausted, the large addl grant of Rs 43,496 applied for cannot be provided unless the Supdg Engr is able to suggest transfers from the existing grants for other works in the Circle. However undesirable it may be considered there is no alternative but to postpone the prosecution of ordinary new works & divert the funds thus made available to meet the requirements of urgent works & works already in progress.

Urgent

Query by His Excellency the Governor on draft order regarding funds in the Sixth Circle.

—

It is most important and urgent that funds should be provided for items 12 and 14, which are for repairing damages due to the floods of December 1895, and the only way to provide for these items at the present time, is to surrender funds from less urgent works. The Superintending Engineer has surrendered funds under all other heads and even so it has been found necessary to ask him to make a further surrender of Rs 4,012.

The Tank Restoration Scheme work is important but not urgent.

It may moreover be found possible later in the year to restore some of the grant surrendered from funds surrendered from other quarters.

The draft Order is now offered.

2. Items. 1 & 5. These works can be postponed. It would not in any case be possible to do much work on the latter this year as the Estimate is not yet completed.

Item. 2 — Estimate will shortly be submitted. A small grant at least should be retained in order that land may be taken up & work begun immediately after cultivating season.

Item. 3 — As no Estimates have been sanctioned & there is no urgent work required the grant may be withdrawn.

Item. 6. To complete the work.

Item. 7. No pressing work. Grant may be withdrawn.

Items. 4. 8. 12. 14 — Additional grants required for closing breaches & repairing masonry works due to floods of December 1895.

Items. 9. 10. 11. 13. 15 — To be rendered to meet in part demands on items 12 & 14.

3. With reference to the latter part of para 1 of your memo under reference I have the honor to inform you that the proposed expenditure cannot be postponed to the next financial year as it is required in connection with the damages caused by the late flood.

I have the honor to be
