Office of the Superintendent of Police Nellore District

Dated 27th October 1895

From

N. C. De. Mainwaring Esqre

Ag Superintendent of Police,

Nellore District

To

The Collector of Nellore.

Sir,

I understand that a new Treasury room is in course of construction. This provides a guard room for the Police 8'x8', while the guard is 15 strong. The guard room now in use is 23' 7"x 21' 3". This had only to accomodate 7 men, the former strength of the guard, but it was considered weak and the Government increased it to a full party of 15 men. It will be seen that the guard has been more than doubled, whereas the new guard room is to be but a third the size of the former one. I think you will agree with me when I say a room 8'x8' is insufficient accomodation for 15 men, their arms and at night their beds. I request you will if not already too late direct that a larger room be constructed than the one at present proposed.

Sir,

I have the honor to state that the Superintendent of Police called attention by letter dated 27th October 1895, No 1000 (Copy enclosed) to the insufficiency of accomodation, provided for the police guard in the new Treasury building in course of construction, as the strength has been increased from 7 to 15 men by Government. As the result of Correspondence with the Executive Engineer and Superintendent of Police, I consider it necessary that a separate guard house should be built at a site which has been approved by the Superintendent of Police. The proposed house is approximately estimated by the Executive Engineer at Rs 1500. I request the Board will be pleased to move Government to issue necessary orders for the construction of the Police guard house.
