No. 1486 C

Dated 9th March 1896.

From

Major W. D. Love R.E.,
Principal, College of Engineering, Madras,

To

The Director of
Public Instruction, Madras.

Sir,

Referring to paragraph 3 P. W. Memorandum No. 3957C dated 8th December 1894, forwarded with G. O. Educational No. 98 dated 7th February 1895, I have the honor to enclose a bill for the riding course fees of the Engineer and Engineer subordinate students who completed their practical course on 31st December 1895, and who have since been permanently appointed to the Public Works Department. The Chief

Engineer should be asked to pay the amount, Rs 159-1-7 into the Madras Bank to the credit of the College of Engineering - Miscellaneous Receipts.

I have the honor to be,
Sir,
Your most obedient Servant,
L.D. Shaw. Major R.E.,
Principal.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From the Executive Engineer, Buckingham Canal Division, to the Superintending Engineer, II Circle, dated 5th February 1896, No. 2640.

With reference to G.O. Nos. 1540 W., dated 22nd June 1894, and 1505 W., dated 20th June 1895, sanctioning establishment required for supervising the regulation of water at tidal locks and for controlling navigation, I have the honour to submit a proposition statement for similar establishment required at seven locks which will be finished this calendar year, and to request that sanction may be accorded to it.

2. The establishment will be employed as each lock is completed.

3. The scales of pay proposed, viz., Rs. 12 and 10 per month, are the least at which men of sufficient intelligence can be obtained. At the Manneru north and south locks, a salary of Rs. 15 is proposed, as one Superintendent will have to look after both locks and special precautions will have to be taken at this river, which comes down in very violent floods, exceeding in height any floods along the canal line.

NOTES.

Reference to P. W. D Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing *sanctioned* scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.
