Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

classification, and that estimates should be submitted for the transferred charges

4. The estimate now submitted includes a provision of Rs. 3717, value of tools to be transferred from "Irrigation" to "Provincial", which is not in accordance with the Executive Engineers proposals, and should therefore presumably be eliminated.

5. It is also pointed out that, in all fairness to Provincial funds and in accordance with the understanding previously arrived at the Executive Engineer should frame and submit another estimate under "Irrigation" for tools previously charged to Provincial.
