READ—the following paper :—

From C. H. T. NORFOR, Esq., Executive Engineer, Kurnool Division, to the Superintending Engineer, III Circle, dated 1st February 1896, No. 4519.

Certain English stores of the value of Rs. 2,388, received during the month of December 1895, have been brought on stock as they could not be issued to works for which they were obtained, viz., the maintenance of the Kurnool-Cuddapah canal, owing to materials required for use during the current year having already been purchased locally, and the stock limit of the division, viz., Rs. 2,500, has in consequence been exceeded by Rs. 1,805.

I have the honour, therefore, to request that you will be good enough to obtain sanction of Government to raise the stock limit by Rs. 2,000 as a temporary measure, *i.e.*, till the stores are issued to works, which will be during the early part of the next official year.

A list of the stores received is noted in the margin for information.
