Irrigation.
Account.

READ—the following paper :—

From A. H. GARRETT, Esq., Executive Engineer in charge, I Circle, to the Chief Engineer for Irrigation, dated Waltair, 3rd February 1896, No. 2464 G. D.

I have the honour to state that the Executive Engineer, Górávari Western Division, has incurred an excess outlay of Rs. 899 on diversion of river bank at Pattisem, estimate Rs. 1,860, sanctioned in Circle Register No. 4 of 1892-93, and to request that you will be so good as to obtain sanction of Government to admit the excess, which the Executive Engineer explains was due to the adjustment of land compensation charges not anticipated (*vide* extract of his letter No. 432 S., dated 7th December 1895, herein enclosed).

2. The revised completion report for the work verified by the Examiner of Public Works Accounts is herewith sent.

ENCLOSURE.

EXTRACT from a letter, dated 7th December 1895, No. 432 S., from the Executive Engineer, Gódávári Western Division, to the Superintending Engineer, I Circle.

I have the honour to report that the excess on diversion of river bank at Pattisem, 20 miles 2 furlongs from Vizeswaram, is due to the bill for land compensation, houses and trees paid by the Revenue Department having amounted to Rs. 1,265, against the lump sum of Rs. 300 provided in the estimate by this department. Regarding the valuation of the land, the Revenue Department was not consulted before the estimate was framed as required by paragraph 22, chapter IX, Volume I, Public Works Code, the result being that there was an enormous excess on the provision for land compensation. The valuation by the Revenue Department does not appear to me to be excessive. I forward a revised completion report for the work, and request that, under the circumstances, you will be good enough to obtain the sanction of Government for the excess of Rs. 894 referred to by the Examiner, Public Works Accounts.

(Signed) G. F. HANDCOCK,
for Ex. Engr. in charge, I Circle.

ORDER—No. 179 I., dated 18th February 1896.

The Examiner of Public Works Accounts is authorized to admit the excess expenditure incurred on the work referred to.

2. This sanction is registered as No. 200 I. of 1895-96.

3. The Superintending Engineer, I Circle, will see that in future the rules laid down for the preparation of estimates are strictly observed.

(True Extract.)

Extract from a letter No 4328 of 7-12-95 from
 the Ex Engineer Godavari Western Dist
 to the Supr Engineer 1st Circle. 288

I have the honor to report that the
 excess on diversion of river bank at Pattisem
 in June 20-2 from Tiresmeram is due to the bill for
 land compensation, houses & trees paid
 by the Revenue Department having amounts
 to Rs 1265 against the lump sum of Rs 300
 provided in the estimate by this Department.
 Regarding the valuation of the land the Re-
 venue Department was not consulted before
 the estimate was framed as required
 by para 22 Chapter IX Volume I P.W. Code
 the result being that there was an error-
 nous excess on the provision for land
 compensation. The valuation by the Revenue
 Department does not appear to me to be excessive.
 I forward a revised completion Report for
 the work and request that under the circum-
 stances, you will be good enough to obtain the
 sanction of Government for the excess of
 Rs 899 referred to by the Examiner P.W.D.
