No. 384 P. W.

P. W. D. Form No. 118

500—7-3-

NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing *sanctioned* scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

MADRAS PRESIDENCY.

Part II

Tabular Statement to accompany proposals for changes in establishments.

Survey & Establishment required for Repairs of Tanks in the Agency Godaveri Western Division.

—

The Tanks in the Agency Yernagudem Taluq in charge of P. W. D. are mostly breached and the Special Assistant Agent has continually brought their state to the notice of the Executive Engineer and has requested the investigation of the cost of restoration of one other Tank and the repair of another that was omitted from the lists previously prepared of the tanks in charge of P. W. D. Details for these works are given in the accompanying Statement encls (2/3).

2. The Survey operations

will have to be carried out in thick jungle and in malarious parts. It is difficult to give even an approximation to the number of miles to be surveyed and levelled and number of cross sections to be taken but if has been taken as 40 miles and 1000 cross sections; for this 6 months has been allowed.

4. From previous reports it appears that these works are much in the same state as they were 30 years ago. and from conversation with the present special Assistant Agent and with Mr. Gilman who was formerly special Assistant Agent for several years, there seems to be no doubt that the repairs in this neglected part of the District are most desirable and as the irrigation Works are repaired, the villages will be "settled" and a considerable increase of Revenue will follow.
