

Public Works (1897) Department.

G.O., No. 23 W

DATED 6. January

[Despatch Abstract.]

Corrondum Enattzing operations: Drawing
the attention of the S.E. to the Gov. on the subject of
an upper subordinate being placed in charge of the
— in Salem St. and Court St. to the Rev. Dep. Secy
with remarks, Endt from the S.E. reporting the action
taken on the subd. officers' application for
authority to begin work

=

CURRENT No. 11670

Order

The attention of the
Sup^y Engr. IV Circle will be
drawn to Mr. Middleton's
letter of 22 Oct., communicated
with G.O. No 3430W of 2 Dec.
1928, in which it was noted
that the services of an upper
subordinate to superintend the
Conundrum quarrying operation
are indispensable; also to G.O. No
2668W of 19 Sept. 1928, in which the
Sup^y Engr. was directed to place
an upper subordinate in charge
of the work.

BACK PAPERS.

FURTHER PAPERS.

From

Mdhy. J. Ramanujam Pillai, Esq.

Sub Division officer,

Temperature Sub Division,

70,

The Executive Engineer,

Salem Division.

Dated 22^d November 1896.

No C 52.

Sir,

With reference to your endorsement No 1652, dated 14th November 1896 on the Chief Engineer's memorandum No 4060 C, dated 12th November 1896 directing to meet Mr Middlemiss of the Geological Department at Palakod on the 20th instant to arrange with him to carry out the quarrying required, I beg to report that Mr Middlemiss having arrived late on the 20th evening, I met him early the next morning and followed him to the site and received instructions as to the quarrying required. The object of quarrying is

is to ascertain the proportion of Corriandum
stone in the rocks there.

The officer wanted to start the work at
once, but I pointed out the necessity of
obtaining permission of the Revenue depart-
ment before entering upon the land although
it is Government waste and of placing
the required fund at the disposal of this
department through proper channel and
promised to send the necessary tools to start
the work directly the orders are received, ar-
rangements to do so have been made.

I beg to say,
(Ed) J. Ramanujam Pillai,
Sub Divisional Officer.

No. 1724/5, dated 26 November 1896.

If Mr. Middlemiss is prepared to authorize
you to start the work in anticipation of sanction
you can do so.

If the land is Government waste land
you need not stop work for want of Collector's
sanction, but you can proceed in anticipation
of sanction.

An estimate seems to be required, please
submit it at once.

(Sd) A. A. G. Malet
Executive Engineer.

OWE.

No. 467.
Pz.

Executive Engineer's office,
Salem Division,
14th December 1896.

From,

A. A. G. Malet, Esq.,
Executive Engineer,
Salem Division,

To,

The Superintending Engineer,
Fourth Circle,
Coimbatore.

Sir,

In reply to your No. 365/51, dated 5th
December 1896, I have the honor to enclose
copy of Sub Divisional officer, Tirupatur, No. C 52
dated 22nd November 1896 and my endorsement
thereon No. 1724/5, dated 26 November 1896.

No special appointment of a subordinate
seems to have been made under G.O. No. 2668 W,
dated 19 September 1896 and with reference to G.O.
No. 3027 W, dated 26 October 1896, it is doubtful
whether Mr. Middlemiss will require the services
of an upper subordinate of the Public Works
Department.

No definite orders subsequent to the
last mentioned G.O. seems to have been
received.

received. No estimate has been prepared
or sanctioned and we have not sufficient
information in the Public Works Department,
to allow of an estimate being prepared.

I presume the Standing Orders against
starting work without a sanctioned estimate
and allotment of funds hold good in this
case.

I have ~~reg~~,
(Sd) J. Bashim Said,
Accountant,
for Executive Engineer.

No. 645 dated 22nd December 1896.

Copy with its enclosure - Forwarded
to the Chief Engineer, P.W.D. with reference
to para 2 of L.O. No. 3430 W. dated 2nd
December 1896.

Wamun
Supy. Engineer, A.P.C.
