~~S.D.W.~~

P.W.D.

note for S.D. the Govt.

In S.P. no 1705W⁽¹⁾
dated 11.7.95, an estimate
of Rs 1,25,800 for new
public office at Tanjore
was sanctioned.

Final orders on
to the site of the building
were given in S.P. no
1538W⁽²⁾ of 16.5.96.

In Sept. 1896, the
Supt. Engr reported
that a large increase
in the rate for brick
work was necessary,
& that a revised estimate
for the work would be
submitted. A note on
the subject was sub-
mitted by the Chief

paid for in any case,
though at what rates
is not yet certain.

A draft
order is submitted for
approval.

FURTHER PAPERS.

SUPERINTENDING ENGINEER'S OFFICE,

V CIRCLE, MADRAS,

Chepáli, 23rd March 1897

No. 102 *W*

From

Lieut Colonel Geo. Rawson Rb.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer

P.w. Department

SIR.

Enclosures.

In my N. 258W. dated 3rd September 1896, I reported that there would be considerable excess on the estimate for constructing Public offices, Tanjore, and in G.O. No. 2776.W. dated 28th September 1896, I received orders to complete the buildings up to the level of top of basement. This is nearly completed.

2. I have now the honour to request permission to go on with the main building in anticipation of sanction to the revised estimate for the following reasons:-

(a) There is at site of the work, woodwork to the value of about Rs 19,000 and articles

like

like doors and window frames will certainly warp and otherwise deteriorate unless they are put up ^{soon}. Moreover, there is great risk of fire and of theft in keeping all this wood at site.

(b) The grant for the work in the preliminary budget for 1897-98 is Rs 62,876 and this ~~amount~~ cannot possibly be expended unless work is pushed on.

3. The revised estimate is reported to be almost ready; it has been delayed, as before it could be completed the plans for the increased accommodation for the Treasury and Press office ordered in your endorsement No 3731 C dated 26 October, 1896, had to be received from the Consulting Architect.

4. The Executive Engineer reports that the excess over the original estimate will be about Rs 50,000 due to the following:-

(a) Change of site sanctioned in G.O. No 1538W dated 16 May 1896 there was no provision ^{for} cost of site in original estimate.

(b)

(b) Additions to Press office and Treasury ordered in your endorsement No 3731 C dated 26 October, 1896.

(c) Increase to rates of brickwork and cut stone work.

(d) Increase in cost of woodwork from C.W. workshops.

I have the honour to be

Resd,

Your most obedient servant

Chlam
