EXPLANATION FOR SURRENDERS AND DEMANDS IN THE ACCOMPANYING STATEMENT.

Surrenders.

(1) The tender for this work was only accepted in September 1896, when orders were given to start the work at once. But when the contractor commenced carting the materials to site, the District Judge of South Canara wired to stop the work, as he disapproved of the site. I inspected the place last week and chose another site, got the approval of the Collector, and arrangements have been made now to go on with the work; it will not be possible to spend more than Rs. 5,000.

(2) The tender of contractor Mangesh Row was only accepted a few days ago, and the Sub-divisional officer has been ordered to push on with the work; it will not be possible to spend more than Rs. 6,000.

(3) The new site selected for this work has not yet been handed over by the Revenue Department, and, as there is no likelihood of getting it before the close of the year, the grant is surrendered.

(4) and (5) Sites not yet handed over by the Revenue Department; hence surrenders.

(6) to (10) Works completed; savings surrendered.

(11) and (14) Estimates amounting to Rs. 7,000 and Rs. 1,700 only have been sanctioned under the head. Balance not required, and hence surrendered.

(12) As the estimate for the Kullar bridge, for which there is an allotment of Rs. 5,750 is still under reference (*vide* S.E. No. 716/W.C., dated 24th November 1896), it is not likely that the amount will be spent during the year, and the grant is therefore surrendered. Of the allotment of Rs. 15,000 made in G.O., No. 3065 W., dated 28th October 1896, for improvements to the Chundale-Mysore road, the Sub-divisional officer states that he does not expect to spend more than Rs. 5,000, and the balance is therefore surrendered.

(13) No estimates are likely to be sanctioned under this head; hence grant surrendered.

(15) Surrender made, as there is an unavoidable delay in the contractor securing girder beams; hence full allotment cannot be spent.

Demands.

(1) The amount charged during the year includes outlay incurred during 1895-96, as no statement of expenditure incurred during that year was received from the Travancore Government in time for inclusion in the accounts for 1895-96 in consequence of which the grant for the year lapsed.

(2) The original estimate for the work being less than Rs. 2,500, the work was classed as minor and expenditure accounted for accordingly. But as the estimate was raised to Rs. 2,820 in G.O., No. 393 W., dated 31st January 1896, the outlay was transferred to "Major"; hence funds are now required to meet the outlay.

(3) As estimates amounting to Rs. 10,000 have been sanctioned for execution, the additional funds applied for are required.

16th December 1896.

(Signed) C. W. WOOD,
Executive Engineer.

No. 775 S.E.

Forwarded to the Superintending Engineer, IV Circle, for sanction, if approved.

BACK PAPERS.

FURTHER PAPERS.

Explanation for surrenders & demands in the accompanying statement.

Surrender.

11) The tender for this work was only accepted in Sept/96 when orders were given to start the work at once. But when the contractor commenced carting the materials to site, the District Jp of South Canara ordered to stop the work as he disapproved of the site. I inspected the place last week and chosen another site, got the approval of the Collector and arrangements have been made now to go on with the work, it will not be possible to spend more than Rs 5000.

2/ The tender of contractor Mangesh Row was only accepted a few days ago and the Sub Divisional Officer has been ordered to push on with the work. It will not be possible to spend more than Rs 6000

(3). The new site selected for this work has not yet been handed over by the Revenue Department and as there is no likelihood of getting it before the close of the year, the grant is surrendered.

grant is surrendered.
(4/2/5) Sites not yet handed over by the
Revenue Department; hence surrenders.
Savings Surrendered

(6) to (10) works completed, saving to Rs 4000 + 1400

(11/1/14) Estimates amounting only have been sanctioned under the head. Balance not required & hence surrendered.

Balance not required
1/2/ As the estimate for the Hullar bridge
for which there is an allotment of Rs 5950
is still under reference (vide S. E. No. 716
dated 26/11/96), it is not likely that the amount
will be spent during the year and the grant

grant is therefore surrendered of the allotment
of Rs 15,000 made in G. O 3065 W, dated 28/10/96
for improvements to the Chaudale Mysore road,
the Sub Divisional officer states that he does not
expect to spend more than Rs 5000 and the
balance is therefore surrendered.

(13) No estimates are likely to be sanctioned
under this head, Hence grant surrendered

(15) Surrender made as there is an unavoidable
delay in the Contractor securing girders beams. Hence
full allotment cannot be spent.

Demands

1/1 The amount charged during the year includes
outlay incurred during 1895/96 as no statement
of expenditure incurred during that year was
received from the Travancore Government in
time for inclusion in the accounts for 1895/96
in consequence of which the grant for the
year lapsed.

1/2 The original estimate for the work being
less than Rs 2500, the work was classed as
minor and expenditure accounted for
accordingly. But as the estimate was
raised to Rs 2820 in G. O. No. 393 W, dated
31 Jan'y/96, the outlay was transferred to "Major",
hence funds are now required to meet
the outlay.

1/3 As estimates amounting to Rs 10,000
have been sanctioned for execution the
additional funds applied for are required

Executive Engineer
16-12-96

NOTES.

Reference to P. W. D. Code.

Chapter XV, section vi, para. 199.

1. This form should be used by the Executive Engineer or the local Government in any of the following cases :-

- (a).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
- (b).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.
- (c).—When it is proposed to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus :-

PROJECT.

(1).—HEAD WORKS—

(B). Land

(K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.
