READ—the following paper :—

From Lieutenant-Colonel O. V. BODDY, R.E., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 11th January 1897, No. 53 T.C.

Under paragraph 79, chapter IX, Volume I of the Government of India (Public Works Department) Code, I have the honour to request that sanction of Government may be obtained to the execution by this department of constructing a dam across Srirangam Nattoo voikal at 13¾ miles, in the Trichinopoly division, for which an estimate of Rs. 580 has been prepared.

2. This is a contribution work for the irrigation of 200 acres in the Panayapuram village of the Trichinopoly taluk. The lands are too high to be irrigated by direct flow from the channel, and for some years back it has been the practice to permit the erection of a temporary dam at the site where it is proposed to build a masonry dam.

3. The ryots concerned have already paid to the credit of the Public Works Department a sum of Rs. 290, being the moiety of the estimated cost, and the Collector, when returning the estimate countersigned, states that he has asked the Head-quarters Deputy Collector to collect a further sum of Rs. 71 from the ryots being the establishment and tools and plant charges.

ORDER—No. 119 I., dated 5th February 1897.

The execution of the work by the Public Works Department is sanctioned.
