Note

The E. E. Coimbatore Division reports that one of his peons having been attacked with cholera at Golichetty - palayam and no shelter having been available for him, one of the E. E.'s Govt. servants' tent was put up for the peon and that the E. E. permitted the tent to be burnt after the peon's death, as advised by the hospital assistant ^{on cholera duty} at the station. The E. E. requests that his action may be approved and that he may be permitted to indent and estimate for a new tent.

The S. E. IV Circle submits an estimate of Rs 63 for a new tent and requests sanction thereto.

The action of the E. E. appears to be somewhat

questionable, as the tent could
have been easily disinfected
without being burnt. The
C. E. however appears to have
acted on the advice of a
medical subordinate.

Submitted for orders.

Sir,

I regret to have to inform you that Peon Kuruddeen died of Cholera at Gobichettipalayam on the 7th December. As no other shelter was available I had to put up a Government servants tent for the peon and as requested by the Hospital Assistant on cholera duty I gave him permission to burn the tent after the peon died.

2. I have the honor to request that my action may be approved and that I may be permitted to submit indent and estimate for a new servants' tent of the same pattern as the one burned.
