From W.W. Phillips Esq

To The Collector of Nilgiris

Sir, In reply to your letter of 6/4/97 dated
18/2/97, I have the honor to report that
I consider that it is certainly advisable
although not absolutely necessary to
construct a dair in the Sheristadar's Court
room. In the absence of any plan of
the proposed building I cannot give
any details as to the size and position
of such dair.
2. With reference to the question of using
the room next the new Police Station
as "demand property" room, I would point
out that this would apparently mean
turning one of the present cells into a
demand property room, in which
case it would be necessary to convert
the present demand property room
into a cell. This could easily be done
by blocking up the window & fire place
such a course would have the additional

advantage of making more
secure the Cells on either side
which at present are separated
from the kennel & property
room by glass windows
I think the last cell might
with advantage be enlarged,
if it is to be used as a kennel
property room.

I have
