READ—the following paper:—

From W. C. LEWIS, Esq., Executive Engineer, Kistna Western Division, to the Superintending Engineer, II Circle, dated 31st December 1896, No. 443 S.

I have the honour to forward herewith an estimate amounting to Rs. 790 for fixing cement concrete pipe sluices to Aravapalli channel, branch of Iskapalle channel, Bank canal, for sanction.

2. The necessity for the estimate is explained in the report accompanying.

ENCLOSURE.

REPORT to accompany the estimate for fixing cement concrete pipe sluices to Aravapalli branch channel, Bank canal.

Estimate Rs. 790

This channel is nearly excavated this year up to 6 furlongs and is to be extended beyond Nallurpalem and Singupalem Parra below three-quarters of the channel. To keep the channel in good condition and to avoid that interference of the ryots with the channel in cutting open the banks and wasting water, the palmyra spouts used up to this time for taking off water from the old existing channel are to be removed and provision for cement concrete pipe sluices has been made in the estimate for the old channel and as well as the portion to be extended.

The diameter of the pipes has been fixed to suit the area to be irrigated under each.

The estimate is recommended from the balance provision of item No. 710 of the statement printed with G.O., No. 857 I., dated 11th October 1893.

No. 2873 K.W.

Forwarded to the Chief Engineer for Irrigation for favour of obtaining the sanction of Government to the estimate amounting to Rs. 790 for fixing cement concrete pipe sluices to Aravapalli channel of Bank canal.

2. The amount may be met from the balance of the provision as per item No. 710 of the statement printed with G.O., No. 857 I., dated 11th October 1893.

11th January 1897.

(Signed) W. L. C. BADDELEY, Major, R.E.,
Suptg. Engr., II Circle.
