From

W. B. de Winton Esq.,

Superintending Engineer,

III circle.

The Chief Engineer,

Public Works Department,
Madras.

Sir

With reference to G.O. No 745W
dated 15 March 1897 passing orders on
item No 7 (b) in Examiners Objectionable
Items statement for October and
November 1896, I have the honour to
request that you will be good enough
to obtain the sanction of Government
under Para 2 of Resolution embodied
in G.O. No 2136W dated 22nd July 1896
to my advancing myself tour charges
as a special case, as the tours were
long and expensive ones. These advances
were recovered as soon as my Travelling
Allowance

Allowances bills were prepared for the month concerned.

2. I beg that general sanction may be given to me to enable me to draw such advances when necessary, as my circle is a very large one and my tours are nearly always long and expensive; and unless I have the power of obtaining an advance occasionally at local treasuries, I shall be obliged to take about with me large sums of money, and to run the nightly risk of being robbed thereof in a country which is notably lawless.

3. The objection to such advances is, I respectfully submit, not apparent seeing that they are invariably recovered within a month of the date ^{on which} they are drawn, and that they obviate much of the risk described above, to which no Government Officer ought to be exposed.

I have the honour to be,

Sir,

Your most obedient servant,

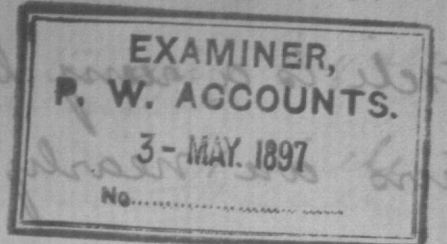

W. H. H. H. H.
