Sir,

With reference to my letter Ref: on Cus. 3594 dated 18th November 1896, I have the honor to inform You that I have received a further Communication from the Dewan of Travancore stating that the Survey Work of the Periyar tract is delayed as no British Official has yet been deputed. He also states that the favorable season for surveying the tract will be over by the end of February and that each day lost increases the chance of failure of the object intended. I request therefore that Government will be pleased to depute an officer at a very early date, if one is available.
