The Cottage
Ootacamund:
19th April 1897

My Dear Sir,

As advised by Col. Campbell and with reference to our conversation this morning, I shall be much obliged if you will bring the following matter to the notice of His Excellency the Governor and I would venture to ask either for favorable orders on this application or for the favor of an interview.

2 It has been my intention for some time past, on completing my service for 1st pension, to take furlough and try for some appointment or work, in England and if I obtained it, to retire from the service.

3 I completed 18 years residence about the 31st March last. I also have to complete 20 years service of which 2 years can be spent on

on furlough. I have only taken 18 months' furlough, so I am entitled with the permission of Government to take furlough now and retire at the end of it and claim my pension without medical certificate.

4 Circumstances prevented my taking furlough this year and so, when I was given the Coimbatore Division on the 2d September last, I undertook not to take furlough for 18 months from that date i e till the end of February 1898.

5 By the last mail I received news to the effect that a Committee is now sitting on proposals to reorganize the Local Government Board, Whitehall. That the report of this Committee will be sent in very soon, say 2 months- If adopted (there is no fear that it will not be) the increase in the staff of the Local Government Board which the Committee are recommending, will be made immediately. Also that applications for the vacancies should be submitted at once.

6 Colonel Walter Ducat one of the senior officers under the Local Government Board has asked for 8 more men for his office and will probably get 5. I presume there are other offices and consequently more vacancies.

7 Under these circumstances my requests are (1) that my promise to stop in the Coimbatore Division for 18 months from the 2d September may be cancelled.

(2) Either I may be granted 2 years' furlough from about the 15th June next or that I may be granted 2 years' furlough from the date on which I hear that my application for a post under the Local Government Board is granted, should it be granted.

8 The vacancies will, according to the advice I have received be filled up at once. So the matter is of the greatest importance to me as possibly affecting the rest of my working career. Once the staff is increased subsequent vacancies will be rare.

9 Should I get one of the appointments it is important that I should take it up whilst on furlough because if from any cause I had to give it up. I could then return to this Department at the expiry of my furlough.

10 It is I am afraid possible that if my furlough is delayed till I hear the result of my application I may not be selected or lose the appointment because I am not on the spot to join at once so, the 15th June is probably about the latest safe date for taking my furlough.

11

11 I believe I could obtain a medical certificate but I am unwilling to resort to this step as it might be construed into demanding, what I would prefer to ask for, as a favor.

12 Colonel Walter Ducat suggested my applying some time ago for a vacancy which then existed but as I had not served my time I could not do so. I have also as I told you possible influence in another quarter so I may have a fair chance if granted furlough.

I am sending this application as you suggested, through Colonel Campbell.

Yours Sincerely
(Signed) A. A. G. Malet

ENCLO: 1

SIR,

I have the honor to enclose copy of my demi official letter dated 19th April 1897 to Mr. Sim the Private Secretary to His Excellency the Governor with the request that formal orders may be issued on my requests.

2 His Excellency has been kind enough to inform me that, if there are no account code objections, he will (provided I obtain the appointment I have applied for) not hold me to my promise that I would stay 18 months in Coimbatore or apply the famine restriction against me, but will let me take

furlough

500—11-10-96

furlough in June and take up the appointment in England.

3 I have since learnt that all new appointments to the Local Government Board are now made on probation, I would therefore ask that, if I obtain the appointment and take furlough, such period of furlough may be granted to me as will cover my service for pension or the period of probation of the Local Government Board appointment whichever is the longer.

4 In an interview, I understood His Excellency to kindly say that he would grant this request subject, of course, to any rules in force.

5 I presume it will be necessary to ask the Examiner P. W. Accounts whether I can now take furlough and retire on my first pension at the end of my furlough.

6 I believe the details regarding my service to be as follows up to 30th April 1897:-

Total service y. m. d
1st October 1877 to 30th April 1897 = 19-7-0
Total furlough
10th September 1889 to 21st Feb 1891 = 1-5-12
Total Residence 18-1-18

I understand that to obtain my pension it is necessary for me to complete 18 years residence and 20 years service.

I have completed the former and submit that I only require a few months' furlough to complete the latter.

7 Should I obtain the appointment in England I ought to leave by the next mail to take it up.

8 My appointment will in that case be telegraphed to me and I would therefore request that orders may now be issued permitting me to avail myself of furlough immediately

immediately should I obtain the appointment and receive a telegram to that effect, and instructing me regarding the officer to whom I should hand over charge.

I have the honor to be
Sir,
Your most obedt. Servant
