Letter from R.N.H. Reid Esquire, Executive Engineer, Vellore D., to the Superintending Engineer, 2nd Circle, D., 1st January '96, No 317 S.E.

As already reported by demi-official, I have the honor to inform you that by advice of the District Surgeon, I have applied through that Officer for permission to appear before the Madras Medical Board, with a view to obtaining the Certificate necessary to enable me to proceed to England on furlough.

2. With the concurrence of the Board I propose sailing from Madras on January 30th, and request, therefore, that I may be relieved of my charge of this Division not later than the 27th. The date of my appearing before the Board is not yet fixed, the date proposed by the District Surgeon being January 27th.

3. I have the honor to request your permission to retain charge of the Division up to the proposed date of relief i.e. January 27th. Although not able for any camp work or exposure to the sun, I am quite able to attend to my office work and look after the general administration of the Division.
