Item 4.—Required to put in hand Minor Irrigation works sanctioned for execution.

Item 5.—Represents amount expended in closing breaches of a railway-affecting tank near Maniyáchi.

Item 8.—Of the sum of Rs. 12,000 applied for, Rs. 4,000 required to close breaches caused by cyclone of November 1896, and the balance Rs. 8,000 required for liabilities and to finish the incomplete works.

No. 8 I.

Submitted to Government. In Proceedings of Madras Government, No. 1085 I., dated 21st December 1896, the Government of India was requested to wire sanction to the additional grant required for the Srívaikuntam anicut system under "42. Major works (Working expenses)," but has not yet done so. Rs. 20,284 have, however, since been provided in Proceedings of Madras Government, No. 39 I., dated 9th January 1897.

2. There are no funds available to provide the small amounts required for items 4 and 5. The other demands under "43. Minor Works and Navigation" aggregate Rs. 46,416. In Proceedings of Madras Government, No. 984 I., dated 23rd November 1896, the Superintending Engineer was instructed to meet urgent expenditure by re-appropriations of existing grants. As he once again represents the necessity for additional funds, it is recommended that the Financial Department be requested to sanction an additional grant for the purpose under "43. Minor Works and Navigation"—Provincial, for the current year.

15th January 1897.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

Order—No. 86 I., dated 22nd January 1897.

Transferred to the Financial Department, with a request that early sanction may be accorded to an additional grant of Rs. 46,000 under "43. Minor Works and Navigation" for expenditure during the current year.
