I propose that Mr. Alras should visit the Puzos as soon as soon as the flow of water through the tunnel can be stopped, and ascertain what is required to make the equilibrium shutter work until a sliding shutter can be fitted at the head of the tunnel. He will require to spend some days at Puzos in order to make sketches &c and on his return should send up competent workmen with materials and tools to carry out

C.A.

D.E.L. wants to know if arrangements have been made for the Puzos about the shutters.

Please let me have any information.
