Sir,

With reference to Government Order No. 367 M.S. dated 21st January 1897, I have the honour to state that the proposed site No. 3 is situated within the compound of the Court House and is therefore Government property. Mr. Venkatarama ayyar applies to have the site gratis for constructing a room for transacting his business during office hours. In a letter addressed to the Tahsildar he says that he is willing to take up the site in question on condition of his handing over the building which he proposes to erect thereon to Government "in case the building is not utilized as Vakils' chambers". The terms offered evidently

mean

mean that the building so long as it is used as vakils' chambers either by Mr. Venkatarama Iyer or by his representatives in interest, will remain in their hands, and the question of reversion to Government will be one of a remote contingency as the building is likely to be secured by succession vakils for professional purposes. Under these circumstances I think that Government might fairly charge a ground rent.

I have the honour to be,

Sir,
Your most obedient servant,

Ag: Collector.
