READ—the following paper :—

From A. G. CARDEW, Esq., M.A., Inspector-General of Prisons, Madras, to the Chief Secretary to Government, dated Tanjore, 28th May 1897, No. C. 1358.

In continuation of this office No. C. 1032, dated 5th March 1897, I have the honour to submit in original a letter No. 270/M., dated 20th May 1897, with enclosures, from the Superintending Engineer, IV Circle, forwarding two other estimates, amounting in the aggregate to Rs. 530, as supplemental to the consolidated estimate for Rs. 4,265 submitted to Government on the 5th March.

2. The first work referred to, viz., that of steining and covering with a grating the kitchen well of the Salem Central Jail, is a very necessary one and in returning countersigned to the Superintending Engineer on the 21st April last the plan and estimate relating thereto, that officer was requested to arrange for the early execution of this work as the protection of the drinking-water supply of the jail is a very urgent matter and until the well is lined and provided with an iron grating, it cannot be covered in and protected from pollution.

3. The estimate, amounting to Rs. 100, for strengthening the ventilators of the solitary cells, has been rendered necessary through the omission of the Public Works Department authorities to make any provision for this work in the estimate referred to in paragraph 2, clause (1) of this office letter No. C. 1032, dated 5th March 1897.

No. 1166, Judicial.

Approved and transferred to the Public Works Department in continuation of G.O., No. 406, Judicial, dated 20th March 1897.

3rd June 1897.

(Signed) W. FRANCIS,
Ag. Under Secretary.

ORDER—No. 1693 W., dated 25th June 1897.

The estimates aggregating Rs. 530 for certain improvements to the Central Jail at Salem, are sanctioned as supplemental to the estimate of Rs. 4,265 sanctioned in G.O., No. 1329 W., dated 20th May 1897, the report called for in paragraph 2 of which is awaited.

2. The Inspector-General of Prisons has not countersigned the plan of the ventilators. He should be asked to do so before the work is begun.

3. This sanction has been registered as Provincial No. 18 W. of 1897-98 and classified as "Civil Buildings—Original Works."

fitting gratings -

The Second Estimate for Rs. 100, provides for strengthening the 10 Ventilators of the Solitary Cells with flat iron bars as per plan submitted -

It is stated that the two works are necessary - The S. E. states in his letter to the Inspector General of Prisons, dt. 27th May/97, that he has ordered the former work to be put in hand in anticipation of sanction. Please see also the Inspector General's letter No. C 1358 dt. 28th May/97 to the Chief Secretary, Govt.

Rates fair according to the Detailed data submitted and the Schedule of rates -

Remarks.

L. S. of Rs. 30, provided in the Estimate for "Fitting iron gratings."

It is not understood whether the gratings are new, or old.

If new, it does not appear that the sum of Rs. 30 will be sufficient for a well, 20^{ft} dia. Rs 30 is cheap whether the gratings be old or new - so the item may pass

The Plan & Estimates have been countersigned by the Inspector Genl. of Prisons, but not the plan of the Ventilator, and approved by the Judicial Dept.

St.
9/6/97.

In his letter 1358 of 28/5/97 it is clear that the I.G. approves of the ventilators - He stated however of the plan.
