SUBJECT.

Additional accountants
for famine duty in Bellary
Division - Requesting to
sanction an - under the
circumstances explained.

I have the honour to inform you that even with the increase of clerks sanctioned by you in your No. 920 dated 12-5-97, my farming Accountant finds himself unable to keep pace with the work which is becoming enormous.

I request, therefore, that you will apply for an additional accountant for famine work.

I make this request very reluctantly as there are already 3 Accountants now in my office and if the ordinary Accounts of the Division were up to date,

I could transfer one to famine work. Unfortunately as you know they are in arrears and while one man is employed on the current accounts the other is fully occupied in trying to make up the arrears as well as doing his work as manager of the office. I think it right to mention here the fact that A. Balakrishna Rao the famine Accountant has made the most praiseworthy attempt to keep pace with the work which is thrown on him, but it is impossible for him to go on single handed.

No 1348W

Submitted to the Chief Engineer, Public Works Department, through the Examiner of Public Works Accounts for favour of very early sanction. Y.C.

OFFICE NOTE No. 280A

To

W.

*(The encls. is the
Supt. Engr's letter
above the S. S.
1-6-97)*

I beg to forward memo No. 1348W

dated 31st. May 1897 and its enclosure from the Supg. Engineer 3rd. Circle representing the necessity for yet another accountant for the Bellary Division owing to the stress of work caused by Famine.

2. Government are aware that there are already 3 Accountants and 3 Accounts Clerks attached to that Division.

3. I have positively not another accountant who could be made available for deputation to Bellary. Every single available man is now out, even to my test audit Accountant who accompanies Accounts Officers on inspection duty. Experienced Accountants in times of emergency are not to be had by the mere asking. Nor do I think that, for purposes of the extra assistance required, a man of this class is essential. For me to know more in the matter of

obtaining one, I should, under Code ~
I. I. 43, note, first have to address
the Accountant General P.W. Department,
and, if he approved, submit a Proposi -
tion Statement to Government for sanc -
tion. This would all necessarily take
time, and, possibly, by the time the sanc -
tion was obtained the need for another
extra hand might cease to be felt. In any
case the temporary Accountant thus sanc -
tioned would have to be selected from
the existing Accounts Clerks in this Pre -
sidency.

4. I would accordingly recommend
that, instead of an Accountant, an addi -
tional temporary Accounts Clerk on Rs. 50
be at once sanctioned for the Bellary
Division. The man I would nominate for
the appointment would be Vencatasubbia,
Clerk IV Class 3rd Grade, now in the Nel -
lore Division, who seems to possess a good
deal of accounts experience, and is well
reported on by his Executive Engineer.
He would of course be directed to pro -
ceed at once to Bellary.

5. I am unaware that any better ar -
rangement than this can possibly be made.

6. This matter is evidently urgent,
and the favour of early orders on the
case is therefore asked.

*
Supg. Engineer 2nd Circle has
just wired to say that he
can spare him.
