NOTES.

Reference to P. W. D. Code.

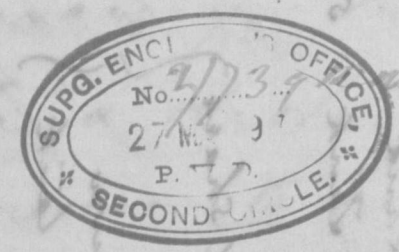

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.
2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

Sanction.

2. The Vinukonda Minor Basin in the
Kistna District was investigated by a
J. R. S. Party acting under the orders
of the Supg. Engineer in 1890-91 and 1891-92.
There are 8 Dasabundum Tanks in the
Minor Basin which have not as
yet received attention and in consequence,
the publication of the Descriptive Memoirs
and Plates for the Minor Basin is delayed.
As it is very desirable that use should
be made of the Memoirs at the earliest
possible date, after investigation, it
is recommended that sanction
should be accorded to the employ-
ment of the establishment asked
for.
