THE CHIEF ENGINEER

PUBLIC WORKS DEPARTMENT.

WALTAIR,

6th June 1897.

SIR,

I have the honour to inform you that the Executive Engineer, Virangapataam D., states that the staff of his office is not strong enough to answer the extra calls it is having on it at present and more especially in the Draftsman's branch where work connected with the waterworks, preparation of Indents etc, will increase current work considerably. He proposes the entertainment of a temporary Draftsman at Rs 50 per mensem for a year.

2. I am satisfied as to the necessity for the proposal more especially as the present sanctioned staff of one Second and one third class Draftsman can hardly cope with the current work and request therefore that sanction of Government may be obtained to the proposition statement herein enclosed.

3. I have ordered the Executive Engineer
