From H. A. Moss Esqre, General Superintendent
- out P. W. Stores, to the Suptg: Engineer
V. Circle, dated Madras, 11 June 1897,
No. 638.

Under orders from the Chief
Engineer P. W. D. 700 pickaxes were supplied
to the Deputy Commissioner Basim District
Berar, from Famine stock and in due course
bills were submitted for payment. The
actual cost of the pickaxes was paid but
objections were raised to paying the per
centage charged for Establishment and
Tools and Plant as many of the tools were
reported unserviceable (vide extract from
letter of the District Board Chairman Basim)
They were not new tools but such as were
in the Famine stock and largely old tools
repaired, but serviceable. The Dy: Com-
-missioner, however, is not satisfied
with the price and as the tools were re-
quired for famine works, I have the
honour to request that the percentage
charges may be withdrawn.

No. 1887.

Copy submitted to the Chief Engineer
P. W. D. with the request that in the
circumstances reported by the General
Superintendent P. W. Stores, sanction
of Government may be obtained to
waive the claims for ^{the} percentage
charges on the value of tools supplied.
