

Order thereon—No. 299, Revenue, dated 5th May 1897.

The proposal of the Sanitary Commissioner to import compressed fodder will be dealt with separately.

2. The instructions issued in paragraph 6 are approved.

3. In regard to the failure of the drinking water-supply referred to in paragraph 15 of the Head Assistant Collector's report the Government is of opinion that famine labour either by task work or by piece work, or on ordinary contract at low rates, might be usefully directed to the improvement of village water-supply in the Kúdligi taluk and elsewhere. The Board has already been called upon to consider this proposal and propose a scheme (*vide* G.O., No. 272, dated 27th April 1897).

Resolution—dated 26th May 1897, No. 402.

Communicated to the Collectors of affected districts.

2. Mr. Campbell's proposal to pay extra wages for work done in excess of the task, which is to be found in B.P., Mis. No. 48 of 1897 read above, was made at a time when the infliction of fines was the rule, not the exception. The necessity for the general introduction of the scheme has now passed away, but Collectors will be authorized to adopt it in any case in which they consider it necessary.

3. The introduction of a petty works scheme is under the consideration of the Famine Commissioner.

SIR,

SIR,

I have the honour to bring to your notice that Peer Mahamed, a retired Police Constable has been employed as a daily laborer for watching the materials at site of Manufacture of lime at Chellipett in the Godavari Western Division at 3 annas per diem.

2. The Free Engineer now proposes to employ the man as a night watchman on Rs 5 per month instead of a daily laborer. He is now drawing a monthly pension of Rs 3-4-0.

3. I request therefore that sanction of Government may under Art 576 of the CS Regulations be obtained for his being re-  
-employed in this Department and allowed to draw pension in addition to his pay as a watcher
