Your O.N.No.2956 C.dated 24th.June 1897.

If these permanent clerks and peons cannot with advantage also be employed in Famine Divisions, I presume there is nothing for it but to retain them in the Circle to which they are at present attached, and allot them such duties as may be thought suitable. This, however, seems a purely administrative matter, and I cannot gather upon what point or points my remarks are asked.

2. In G.O.No.478 W. dated 18th.February 1897 Government agreed to certain proposals by my predecessor respecting the audit of pay of these supernumerary clerks and lascars.

Office-note from the Examiner on the subject of the audit of pay of the — attached to upper subordinates in ordinary divisions transferred to famine duty, communicated to officers of the department for guidance.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.

Establishment.

Read—the following paper:—

Office-note from the Examiner, Public Works Accounts, to the Chief Engineer, Public Works Department, dated Madras, 12th Feb. 1897, No. 496 D./E.

In connection with the transfer of upper subordinates to famine relief works and the appointment of temporary men to replace them as sanctioned in G.O., No. 326 W., dated 3rd February 1897, the following points are brought to notice:—

(1) Every upper subordinate is entitled to a clerk and a lascar.
(2) These clerks and lascars are supernumerary in the divisions from which the upper subordinates have been transferred unless the temporary subordinates are sent in their places.

I propose to pass the pay of the supernumerary clerks and lascars who were under the upper subordinates transferred to Famine divisions provisionally, pending Superintending Engineer's orders as to their disposal, and to disallow the pay of all *additional establishment* entertained for the upper subordinates transferred to Famine-relief divisions, and also for the newly appointed temporary upper subordinates entertained in their places pending sanction of Government, as these charges will be additional, and I would suggest that you should address Superintending Engineers to prevent additional establishment being entertained without Government sanction.

Order—No. 478 W., dated 18th February 1897.

Communicated to the officers of the department, for information and guidance.
