NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing *sanctioned* scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

Letter from L. L. Wickham Esq.
Executive Engineer, Bellare to the
Supg Engineer, Bellare, 18th June
1897. No. 86 S.E.

I have the honor to forward
a list of famine works in the District
with a tracing showing their locality.
2. All estimates which have been
returned to Sub District Officers with
remarks and estimates retained
in the office for inspection etc.
will be forwarded for sanction
as Famine Estimates, as soon as
possible.
3. All works such as finishing
the raising of a tank bund, altering
the head of a sluice will be stopped
and work will only be carried
on where absolutely necessary.
4. This will enable any probable
calls for subordinates to have
little or no effect on the district.
But the taking away of subordinates
will ^{or} effect seriously the investigation
of works which may be required
shortly for famine and for ordinary
works

P.W. 6732/97

works for execution during next season.

57 I therefore, forward a proposition statement for 3 Surveyors and one draughtsman for the investigation of projects wherever works are most likely to be required.
