No. 72/210, of 17 July 1897:-

With reference to G.O. N^o 73, Public, of the 23rd January 1897, I have the honour to request that Government will be pleased to pass early orders on my letter N^o 546, of the 19th December 1896, as it appears from G.O. R N^o 710, Public, of the 28th June 1897, that the final orders of the Government of India have been received on the subject.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Surgeon-General, Madras, No. T 2/218, dated 17th July 1897.

*****O*****
O R D E R. No. 998, dated 27th July 1897.

His Excellency the Governor in Council is pleased to pass the following orders on the subject of the proposed repairs and additions to the Lunatic Asylum, Calicut referred to in the letter of the Surgeon-General read above.

I Superintendent's office. The Superintendent's office being used by him for only a short time each day, it may be possible to temporarily arrange for housing him elsewhere in some suitable place, in which case the present building may if dangerous be dismantled; failing this, the Public Works Department should instruct the Executive Engineer to carry out at once such repairs as are necessary to prevent its falling in. The Government is not prepared to sanction its reconstruction until the whole question of reducing the number of Lunatic Asylums in the Presidency which is still under discussion with the Government of India has been finally dealt with.

II. Latrine block for the Hospital. The Surgeon-

General's attention will be drawn to the remark in paragraph 1 of G.O. No. 2132, Judicial, dated 14th October 1895, that the necessity for this work had not been established. He will be requested to report fully on the matter and

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Surgeon-General, Madras, No. T. 218, dated 14th July 1897.

14th July 1897.

O. R. D. H. R. No. 298, dated 27th July 1897.

His Excellency the Governor in Council is pleased to pass the following orders on the subject of the proposed repairs and additions to the Lunatic Asylum, Calicut referred to in the letter of the Surgeon-General read above.

I. Superintendent's office. The Superintendent's office being used by him for only a short time each day, it may be possible to temporarily arrange for housing him elsewhere in some suitable place, in which case the present building may if dangerous be dismantled, falling this, the Public Works Department should instruct the Executive Engineer to carry out at once such repairs as are necessary to prevent its falling in. The Government is not prepared to sanction its reconstruction until the whole question of re-arranging the number of Lunatic Asylums in the Presidency which is still under discussion with the Government of India has been finally dealt with.

II. Latrine block for the Hospital. The Surgeon-General's attention will be drawn to the remark in paragraph I of G.O. No. 218, Judicial, dated 14th October 1895, that the necessity for this work had not been establishment-
ed. He will be requested to report fully on the matter and

to justify the proposed expenditure.

III. Drain round the male refractory ward. As it would appear that this drain is intended only for rain water and not as a sewage drain, the urgency of the work is not apparent, and considering the present financial tension, the Government considers that it should be postponed.

IV. Toties' huts. The construction of the toties' lines, the estimate for which (Rs. 670) was approved in G.O. No. 1918, Judicial, dated 12th September 1895, is sanctioned, and the Public Works Department will be requested to carry out the work at an early date.

Veterinary Hospital.

Approving, with remarks, the proposal for the construction of quarters for the officer in charge of the —, Saidapet, and for the change of the designation of the second clerk, Agricultural College, into "Second clerk and assistant bailiff" with permission for the latter to live in the farm buildings free of rent.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers :—

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 19th May 1897, No. 5523.

I have the honour to submit, for the favourable consideration and sanction of Government, the following proposals regarding (1) quarters for the officer in charge of the Veterinary Hospital attached to the College of Agriculture, and (2) free quarters and a change of designation for the second clerk of the college.

2. The first proposal is that the officer in charge of the Veterinary Hospital be allowed free quarters on the hospital premises and that every incumbent be compelled to reside in those quarters. This is necessary for the efficient working and supervision of the Veterinary Hospital. The present officer in charge lives about half-a-mile away from the hospital and as he has lecturing work to do at the college, he can visit the hospital only in the mornings and evenings; and during outbreaks of anthrax, he is seriously inconvenienced and the work of the hospital suffers.

3. The second proposal is that the designation of the second clerk be changed into "Second clerk and assistant bailiff." This change is recommended by the Principal on the ground that the duties of the clerk are not merely clerical, as the present designation indicates, but include the work of assisting the bailiff in the management of the farm. This assistance has been found necessary owing to the increase in the area of the farm from 30 acres to over 100 acres, and to the peculiar shape of the farm, some portions of it lying at a distance of over a mile from the farm buildings. In order that the second clerk and assistant bailiff may do this part of his duties efficiently, it is necessary that he should also be provided with free quarters on the farm. No new building operations are necessary to give effect to this proposal; for the incumbents of this office have only to be required to reside in one of the cottages once forming part of the old Farm office.

4. Should these proposals meet with the approval of Government, I would request that early orders be passed, so that effect might be given to the second proposal after the re-opening of the college. The necessary proposition statement will be submitted on receipt of Government orders on these proposals. Proposals for providing free quarters to the Veterinary Assistant will be submitted in due course.

From J. B. BILDERBECK, Esq., M.A., Acting Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 14th July 1897, No. 7606.

With reference to memorandum No. 1216, Educational, dated 10th ultimo, I have the honour to submit, in original, a letter from the Principal, College of Agriculture, No. 500, dated 30th idem, with enclosure, from which it will be seen that, as estimated by M.R.Ry. R. V. Subramania Aiyar, B.C.E., the approximate cost of providing free quarters for the officer in charge of the Veterinary Hospital is Rs. 3,000.

ENCLOSURE.

From W. KEESS, Esq., M.A., M.R.A.C., Principal, Madras College of Agriculture, to the Director of Public Instruction, dated Saidapet, 30th June 1897, No. 500.

Referring to your endorsement, No. 6358, dated 15th June 1897, on memorandum from Government, No. 1216, dated 10th idem, inquiring what will be the approximate cost of providing free quarters for the officer in charge of the Veterinary Hospital, Saidapet, I have the honour to state that the cost of quarters (including out-houses) may be put down as Rs. 3,000. A plan by M.R.Ry. R. V. Subramania Aiyar, B.C.E., Third Assistant of the College, is submitted. The officer in charge may be allowed stabling in the Veterinary Hospital, in which case a reduction could be effected in the cost of the out-houses. It is possible, too, to further reduce the estimate by giving up the construction of the back verandah and substituting wooden protectors over the windows. I trust that, if the estimate is excessive, it will be cut down. I consider it necessary that the officer in charge should reside on the premises.

ORDER—No. 439, Educational, dated 2nd August 1897.

The construction of quarters for the officer in charge of the Veterinary Hospital is approved and the work will be executed when funds are available. Rent will be recovered from the officer occupying the quarters, there being no reason why he should be provided with free quarters. The cost of the building will accordingly be regulated in accordance with the rules laid down in the Public Works Department Code.

2. The proposal to change the designation of the second clerk of the College of Agriculture is approved; he may be required to live in the farm buildings free of rent.
