Note

The accompanying two index maps showing the roads completed and opened for traffic during 1896-97 in the Chingleput District are in order and may be submitted to the Survey Dept., Calcutta, to enable that Dept. to bring up the maps of India to date.

The maps have been prepared in accordance with the rules contained in para 45, Chap 18, Vol I of the P. W. Code. They are drawn on a scale of 1 inch = 1 mile and show the alignment of the roads completed in red, village sites, tanks & crossings of streams &c.

A note has also been made on each tracing map to the effect that it is a tracing from the Rev. Survey map and the information is obtained from ~~an~~ actual survey, meaning probably that the alignment of the new road has been plotted from actual survey.
