No.	Date.

Copy of letter from the Superintendent of Police, Vizagapatam, to the Inspector-General of Police, through the Deputy Inspector-General of Police ^{Northern Range} C No. 1541/Genl, dated 7th July 1897:-

I have the honour to report that it is proposed to build a Police Hospital at Chintapalli in the Gudem Hills and funds have, I am informed, been allotted for the purpose. Before work is commenced, I think it only right to point out that I consider the building of this hospital unnecessary.

The Reserve at Chintapalli is composed entirely of Oriyas, belonging almost entirely to Ganjam District, and keep excellenct health. They are provided with good accommodation for themselves and families and are perfectly contented. A few more huts are still required and these will doubtless be built as soon as funds are ^{available} ~~available~~ and I can engage a contractor who will undertake the work of construction -but, no work can possibly be carried out in these hills until after the rains as coolies cannot be obtained. Constables who are ill now come ^{down} to Narsapatam, which is 30 miles from Chintapalli, and undergo treatment in the Police hospital there. This plan answers admirably. The Inspector in charge of the Reserve is provided with all the necessary medicines for treating ordinary cases of fever, diarrhoea, Colic &c and the constables very seldom go down to Narsapatam for treatment. That the men are keeping excellent health is proved by the fact that not a single casualty has occurred during the past 2 years and I have only received two applications for transfer.

Chintapalli has such an exceedingly bad reputation for fever that, even if a hospital was constructed, I very much doubt if any Medical Officer could be induced to serve there. The station certainly requires certain alterations and a magazine is very urgently required. Both these works have been sanctioned when funds are available and I would respectfully beg to recommend that they be taken in hand and that Government be moved to cancel the construction of a hospital-

a building which, in my opinion, is altogether unnecessary. In this opinion the Deputy Inspector-General of Police and the Agent to the Governor, I believe, agree.

Current No. 966 of 97.
Genl

Forwarded. I agree entirely with the Superintendent. The Police at Chintapalli enjoy excellent health and certainly do not require a hospital for their own special use. A magazine should certainly be erected, also quarters for an Inspector.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Inspector-General of Police, Madras, No. 2642, dated 30th July 1897:—

I have the honour to forward copy of a letter from the Superintendent of Police, Vizagapatam, dated 7th July 1897, No. 1541, with the remarks of the Deputy Inspector-General of Police, Northern Range, stating that the construction of a Police Hospital at Chintapalli is, in their opinion, unnecessary. It seems quite clear from the Superintendent's report that it is unnecessary to go to the expense of building a hospital at Chintapalli and I request that the sanction granted for its construction (G.O. No. 1120, Judicial, dated 6th July 1896) may be cancelled.

O R D E R :—No. 1138, dated 10th August 1897.

The sanction of Government accorded in G.O. No. 1120, Judicial, dated 6th July 1896, for the construction of a Police Hospital at Chintapalli, will accordingly be cancelled.

(True Extract)

for Chief Secretary.
