READ—the following papers :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezwada, 3rd February 1897, No. 3118 K.E.

I have the honour to forward herewith, for your approval and sanction of Government, an estimate amounting to Rs. 1,722 for compensation for loss of crop paid on account of the excavation of the Polraz drain in the Kistna Eastern division.

2. The amount of the estimate may be met from the balance of the provision as per item No. 710 of the statement printed with G.O., No. 857 I., dated 11th October 1893.

To the Superintending Engineer, II Circle, dated 10th February 1897, No. 21 K.S.

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezwada, 18th February 1897, No. 3319 K.E.

With reference to your memo. No. II/21 K.S., dated 10th February 1897, I have the honour to explain that the amount of Rs. 1,722 paid on account of compensation for loss of crop is due to the excavation of Polraz drain through the high ridge between the lands of certain inamdars and the Kollair lake margin.

2. The effect of cutting through the ridge is that the Kollair water is now admitted, even when the Kollair is low, to the inamdar's lands, through the drain and the gaps left in its right bank.

3. The inamdar's land which is on the margin of the Kollair is, therefore, liable to submersion, and compensation for land and loss of crop had to be paid to them.

4. This was not anticipated when the estimate for Polraz drain was first prepared and the work carried out, and hence no provision was made in the estimate.

5. The inamdars have already been given land in exchange.

No. 47 I.

Submitted to Government.

24th February 1897.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

ORDER—No. 238 I., dated 9th March 1897.

The following estimate is sanctioned from the provision made for item 710 of the statement printed in Proceedings of Madras Government, No. 857 I., dated 11th October 1893 :—

Capital Expenditure not charged to Revenue.
49. Irrigation.
Kistna Delta System.
Eastern Section.
I. Works.
4. Drainage and Protective Works.
Polraz Drain.
2. Lands.
Compensation for loss of crop.

	RS.
Estimate	1,722

2. This sanction is registered as No. 197 I. of 1896-97.

Enclos:

SIR,

With reference to your Memo No. II/21 K.S. d/ 10th February 1897, I have the honour to explain that the amount of Rs 1722 paid on account of compensation for loss of Crop is due to the Excavation of Potrar drain through the high ridge between the lands of Certain Inamdars and the Kollair lake margin.

2. The effect of cutting through the ridge is that the Collair water is now admitted, even when the Kollair is low, to the Inamdars lands, through the drain and the gaps left in its right bank.

3. The Inamdar's land which is

is on the margin of the Kollam
is, therefore, liable to submersion
and compensation for land and
loss of Crop had to be paid to
them.

4. This was not anticipated when the Estimate for Polraz drain was first prepared and the work carried out, and hence no provision was made in the Estimate.

5. The Inamdars have already been given land in exchange.
