J. N. Atkinson.

COLLECTOR, KISTNA DISTRICT.

TO,

THE Secretary to the Commissioners
of Land Revenue
Madras.

SIR,

The new Nuzvid Taluk Cutcherry was handed
over to the Revenue Department by the Public Works
Department on 29th April 1896, but the compound
round was unprovided with any fence. I asked the
Executive Engineer to prepare an estimate for enclosing
the compound with wire fencing; but he informs
me (without quoting ^{his} authority) that as the
probable cost will be over Rs 500/- he cannot
prepare an estimate without the orders of Govern-
ment. A fence of some sort is essential, and
so far as I know a wire fence is on the whole the
best. I have the honor to request therefore that the
Board will obtain the sanction of Government to
the preparation of the estimate.

I have the honor to be
Sir,
Your most obedient servant

READ—the following papers :—

Proceedings of the Board of Revenue (Land Revenue), dated 14th September 1893, Mis. No. 5339.

Read—the following letter from A. A. G. MALET, Esq., Officiating Superintending Engineer, II Circle, to the Collector of Kistna, dated 11th May 1893, No. 376 K.S. :—

With reference to G.O., No. 1357 W., dated 15th May 1891, Public Works Department, I have the honour to forward, herewith, plans and estimates, amounting to Rs. 31,250, for constructing a first-class taluk cutcherry and out-houses at Gannavaram, Nuzvid taluk, and to request that you will be so good as to obtain an early sanction of Government and an allotment of funds.

2. A sum of Rs. 5,000 has been entered against this work, which has been included in class B works in the Provincial budget for the current year.

3. The report, which accompanies the estimate, explains the necessity for the work.

Endorsement by J. N. ATKINSON, Esq., Acting Collector of Kistna, dated 27th July 1893, Dis. No. 2675-Ver.

Submitted to the Secretary to the Commissioners of Land Revenue with the request that the plans and estimates herewith sent may be approved.

Reference thereon, dated 14th August 1893.

The Collector is requested to forward the following four out of the ten papers which formed enclosures to the letter from the Superintending Engineer, No. 376, dated 11th May 1893, as they have not been received in the Board's office :—

- (1) Specification report.
- (2) Data.
- (3) General abstract.
- (4) Note by Superintending Engineer.

Read—the following letter from J. N. ATKINSON, Esq., Acting Collector of Kistna, to the Secretary to the Commissioners of Land Revenue, dated 28th August 1893, Dis. No. 3113-Ver. :—

1. Specification report.
2. Data.
3. Note by Superintending Engineer.

Adverting to your reference on General Register No. 1851 of 1893, I have the honour to enclose herein the marginally-noted papers as therein requested.

2. The general abstract seems to have accompanied the plan and estimate already submitted.

Resolution—dated 14th September 1893, Mis. No. 5339.

The site plan and estimates for constructing a first-class taluk office with out-houses at Gannavaram in the Nuzvid taluk are submitted for the early sanction of Government with reference to G.O., dated 9th February 1891, No. 84.

2. The Superintending Engineer estimates the cost of the buildings at Rs. 31,250, but, according to details, the amount arrived at is only Rs. 30,860 as shown below :—

	RS.
Taluk cutcherry	28,250
Record racks	1,120
Latrine	740
Cook-room	650
Compensation for land	100
Total	30,860

3. The "general abstract" referred to in paragraph 2 of the second letter has not been received in this office.

(A true Copy and Extract.)

(Signed) W. S. MEYER,
Acting Secretary.

Mis. No. 3644, Revenue.

The site plan and estimates are approved and will be transferred to the Public Works Department for sanction.

2. It is observed that the estimates are not countersigned by the Collector.

OOTACAMUND,
3rd October 1893.

(Signed) E. GIBSON,
Ag. Secy. to Government.

Note by the Chief Engineer, Public Works Department.

Data have been furnished for some of the rates adopted in the estimate. Most of the rates for which data have been submitted are compared by the Executive Engineer with the divisional schedule rates which latter, however, do not agree with the standard rates for the Kistna Eastern division as entered in the schedule, dated 17th December 1890, the latest on record in the Chief Engineer's office. It is probable that the rates in the division have changed since December 1890. If so, a copy of the revised schedule should have been submitted to the Chief Engineer for information. This should now be done. The rates now proposed appear reasonable and may therefore be accepted.

2. The Superintending Engineer has reduced the estimate by the substitution of concrete flooring for Napa stone, but the Chief Engineer considers that the latter description of flooring should be used. The total amount has therefore been increased from Rs. 30,860 to Rs. 31,675.

3. In the absence of the "general abstract" estimate which has apparently been lost in the Collector's office, the discrepancy referred to in paragraph 2 of the Board's Proceedings, Mis. No. 5339, dated 14th September 1893, cannot be explained. If it is due to the omission of any items, such as "fencing the compound" for which provision had been made in the "general abstract," a supplemental estimate for those items may be submitted by the Superintending Engineer.

6th November 1893.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 11th November 1893, No. 2897 W., Public Works.

The estimate, amounting to Rs. 31,675, for constructing a first-class taluk office with out-houses at Gannavaram in the Kistna district, is sanctioned for execution when funds are available.

2. The attention of the Superintending Engineer, II Circle, is drawn to the note by the Chief Engineer recorded above.

3. This sanction has been registered as Provincial No. 112 W. of 1893-94 and classified as Civil Buildings, Original Works.

(True Extract.)
