To,

The Secretary to Government,
Public Works Department,
Madras.

Thro'

The Executive Engineer,
West Coast Division.

The humble appeal petition of A. K. C. Amboo, Clerk, (Rs 20-30 grade), Office of the Executive Engineer, West Coast Division, Calicut.

Respectfully Sheweth

That after having served Government for 27 years, petitioner for the first time applied for a year's furlough last August, in order to attend to certain very urgent and unavoidable private affairs. In his application he also requested that during his furlough he might be given half pay such as C.S.R article 373 (b) entitled him to.

That the Executive Engineer proposed giving petitioner half-pay by promoting the senior clerk in the Rs 15-20 grade (who was drawing the maximum of his grade) to the Rs 20-30 grade and appointing a substitute for him on Rs 15, thus providing Rs 15 for petitioner. The Superintending Engineer however upset this arrangement by appointing M. Tiruvengadem Pillay (from the Periyar Division) on Rs 20 thus leaving petitoner only Rs 10 as furlough allowance.

That petitioner appealed to the

hardship done to him, but no good resulted (Enclosure, a). That he then appealed to the Chief Engineer with no better result (Enclosure, b). That he now humbly appeals to Government and begs that the following circumstances may be considered in a dispassionate light.

1. Petitioner had availed himself, during 27 years' service, of no more than 7 months' privilege and 2 months' sick leave, excluding the year's furlough above said. That under the leave rules, he was entitled to take, considering his service, no less than 2 years and 3 months' privilege leave on full pay.

Privilege leave cannot be claimed on furlough

2. That when he went on furlough the Executive Engineer had made satisfactory arrangements whereby petitioner could draw his half pay without extra cost to the state. It was only because the Superintending Engineer chose to upset that arrangement that petitioner lost Rs 5 monthly.

3. That the post to which M. Tiruvengadem Pillay was appointed on Rs 20 was filled locally by the appointment of a man on Rs 15. That if the proviso in C.S.R article 368 (a) is to be harshly applied, then, if a man on a still higher salary is appointed, petitioner would have had no allowance left. That therefore, it must be granted that the appointment of M. Tiruvengadem Pillay on Rs 20 has defeated

This would have been within the rules.

the spirit of the regulation quoted.

4. That furlough is a privilege enjoyed as a recompense for long and meritorious service, and if by taking it, public servants expose themselves to the risk of pecuniary loss, because of arrangements made subsequent to their departure, then the privilege will lose its essential value, and in fact cease to be a privilege.

5. That M. Tiruvengadem Pillay had had but short service under Government, and yet he has been more benevolently dealt with than petitioner who had 27 years' good service to his credit.

6. That, could no substitute on Rs15 have been found to replace petitioner, he could not take exception to the appointment of M. Tiruvengadem Pillay on Rs20. But as a fact, a man had been appointed by the Executive Engineer on Rs15 and there was no reason why that appointment should not have been ratified. It could have been given to M. Tiruvengadem Pillay himself on the same salary that the Executive Engineer had originally fixed.

7. That petitioner is a great and unexpected loser by reason of the disappointment he has experienced.

That he humbly begs that

order granting him half pay for the period
he was on furlough.

For which act of gracious justice
Petitioner shall
as in duty bound
ever pray
