From J. N. ATKINSON, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 12th July 1897, No. 1197.

With reference to paragraph 11 of G.O., No. 516, Financial, dated 26th August 1896, I have the honour to forward herewith two statements, marked A, and B, showing the details of warm clothing and white liveries supplied to the menial establishments of the several offices in the Presidency during the years 1895–96 and 1896–97. The total value of clothing supplied amounted to Rs. 310–4–0 and Rupees 2,303–5–1 respectively. The suits were made up and supplied by the Women's Workshop, Friend-in-Need Society, at Egmore. The work was entrusted to this institution as it had been carrying on the same business for several offices in previous years. The cloth required for great coats was obtained from the Madras Army Clothing department at about Rs. 3–6–7 per yard, blankets from the Central Jail, Trichinopoly, at Rs. 2–7–3 each inclusive of transit charges, and sundry articles, such as turbans, umbrellas, socks, &c., were purchased locally.

2. The marginally-noted articles have been provided for in my last indent on the Home Government for issue in 1897–98 and arrangements are also being made to maintain a stock of woollen cloths, such as red, black and blue serges for suits. Samples of the above cloths issued by the Superintendent of Stationery, Bombay, and of those manufactured by the Egerton Woollen Mills have been obtained for this purpose.

Long cloth, bleached. | Socks.
Mull. | Flannel.

3. As the necessary materials for suits have hitherto been supplied by the Women's Workshop, which made them up, and as some articles, such as flannel, mull, &c., have been purchased locally, there was little saving effected by the transaction; but there is every reason to expect a fair saving when this office keeps a stock of the materials.

4. Although the supply of clothing was transferred to this office in November 1895, indents were not received till January 1896. They were, therefore, complied with to a very small extent within the official year 1895–96 as arrangements could not be made until after the receipt of the indents. Hence the subject was not dealt with at length in my last administration report.
